TELEPHONE DIRECTORY

including listings for

HARBOR BELT LINE • EL PASO UNION DEPOT • L. A. U. P. T.
O. U. R. & D. • N. O. U. P. T. • NORTHWESTERN PACIFIC
PACIFIC ELECTRIC • PACIFIC FRUIT EXPRESS
PACIFIC MOTOR TRUCKING • PORTLAND UNION DEPOT
SAN DIEGO & ARIZONA EASTERN • SAN DIEGO PIPE LINES
S. P. PIPE LINES • S. P. TRANSPORT

Long distance lines are very busy particularly during ordinary business hours and should only be used when absolutely necessary.

Place long distance calls, when necessary, during hours other than peak periods which are from 9:00 AM to 11:00 AM and 2:30 PM to 4:30 PM.

Make calls as brief as possible.

If repeated busys are encountered when dialing, consult your PBX operator.

INDEX

INTERCITY DIRECT DIALING CHART ..... 2 to 5
GENERAL INFORMATION ..... 6 to 7
ALPHABETICAL SECTION 11to 59
DEPARTMENTAL SECTION ..... 65 to 160

Accounting

LONG DISTANCE

Company Lines:

Intercity dialing instructions are given on the dialing chart Pages 2, 3, 4 and 5.

Attention is directed to the various outlying agencies, yard offices, etc., that can be dialed direct. Consult the alphabetical section under station name or the department section under proper heading for stations that can be reached by direct dialing.

All calls except those reached by direct dialing should be placed through PBX operator.

From Attended PBX'S

Commercial Lines:

Where individual business line telephones have not been provided, toll calls on company business must be placed through PBX operator.

Personal calls, in emergencies and where public pay stations have not been provided, should be placed through operator. When placing long distance calls, the following information must be furnished operator:

(a) Name of party calling and extension number.

(b) Name of party called and location. Also designate by extension number if known.

(c) Wherever practical, toll calls should be requested on a station-to-station basis in order to avoid payment of premium person-to-person rate.

From Commercial Telephones

Toll calls on company business should be completed wherever practical on a station-to-station basis in order to avoid premium payment of the person-to-person rate.

COMPANY RADIO-TELEPHONE

To initiate call from mobile unit to an attended PBX:

1. Switch radio to Frequency Two (F-2).
2. Depress push-to-talk button on microphone for approximately three seconds.
3. When PBX operator answers, request desired connection.

To initiate call from extension telephone:

1. Dial your PBX operator.
2. Identify the mobile unit you are calling, giving approximate area in which traveling.

SERVICE CALLS

To report commercial telephones out of order call Telephone Company repair service.

To report PBX telephones out of order, dial your operator. Where operators are not on duty, call local SP Wire Chief.

TO REPORT CHANGES IN DIRECTORY LISTINGS

Directory changes, additions or deletions should be reported immediately to the department employe responsible for preparing Form S-2991 in order that the telephone information records may be kept up to date. Forms may be secured from Stationery Storekeeper, West Oakland, or Houston.

HOW ARE YOUR TELEPHONE HABITS?

The way we use the telephone does a big job of selling or unselling hundreds of thousands of people on Southern Pacific Service.

Our use of the telephone becomes a matter of habit. If our telephone habits are slovenly, the hundreds of thousands of people on the other end of the line get the idea that Southern Pacific Service is not what it should be. If our telephoning habits are good, these same people gain an impression of alertness, efficiency and service.

Our telephoning habits are well worth checking. The ones that are bad should be discarded. The ones that are good should be consciously cultivated. Good habits are just as easy to acquire as bad ones.

When you are talking to a person face to face, you depend on your general expression—a smile or a gesture—to help convey your meaning. But over the telephone, your tone of voice alone conveys the spirit of your message.

Let your tone indicate a pleasant and eager-to-help spirit which will create a good impression of you and the Company, and people will enjoy talking to you and doing business with you.

HERE'S A CHECK LIST

Do you open every call: "Freight Station, Mr. Doe speaking"?

Does your tone indicate a desire to be helpful?

Do you make every telephone caller feel his problem is important to you?

Do you speak in a clear, conversational tone, with careful enunciation?

Do you speak directly into the mouthpiece?

Do you answer promptly when your phone rings?

Do you answer other phones and offer to take the message?

Do you hang up the phone carefully so as not to make a crash in the other party's ear?

Do you make sure the other party understands your message fully and has no questions to ask before hanging up?
