Total area, inclusive of Territories, 2,815,311 square miles. Population, 1860, including Territories, (Slave, 3,953,760) 31,443,322. Total representation in Congress, 234. Presidential vote, 1864: Lincoln, 2,223,035; McClellan, 1,811,754; total, 4,034,789; Lincoln's majority, 411,281.

* Population of Great Britain and Ireland, 1861: England and Wales—Males, 9,825,246; Females, 10,380,268. Total, 20,205,504. Scotland—Males, 1,448,982; Females, 1,614,269—Total, 3,063,251. Ireland—Males, 2,304,961; Females, 2,959,582—Total, 5,264,543. Total, Great Britain and Ireland, 29,031,298. The decrease in Ireland from 1841 to 1851 was 238,463 families, being at the rate of 18.22 per cent.; (the average number of persons to a family in 1851 was 5.10; in 1861, 5.44; in 1841, 5.54) results showing a gradual thinning out of the households, attributable to emigration and the other causes leading to a decline in the population. From these statements it will be perceived that the people of Great Britain and Ireland but little exceed 29,000,000, and that the population of the United States has not only, for the first time, reached that of the mother country, but has run beyond it near two and a half millions of people.—Federal Census, 1860.
