TOTAL,	31.52

The Best Drinking Water in
 Los Angeles

ROSE SPRING WATER

A Natural Spring Water

Recommended and used by leading physicians and families of Los Angeles. This water stands without rival in this City; pronounced by chemists and also the City chemist, the purest water they ever tested. A trial bottle or a visit to the spring will convince you of the fact, 32 grains mineral to the gallon, almost a soft water.

3 Gals. 30c — 4 Gals. 40c
