Excelsior Gas Furnaces

ARE RIGHT—*WHY?*

They save one half the gas used by others.
All parts exposed to rust are cast iron.

The heat from the burned gas travels upward
and then downward, so as to utilize every
possible heat unit (note arrow points).

No fumes from gas can mix with air to rooms.

Sold under a five year's guarantee.

Positively cheaper than coal.

No dirt or "firing" as with coal.

Let us prove what we say.

If we can't do it we return your money.

Write or telephone and our representative
will call.

Awarded First Prize California State Fair,
Oakland.
