INCREASING BUSINESS

WHY? AND AGAIN, WHY? The answer of any first class drapery house will be: "Their work is just a little better than any other. None do up laces and curtains as well as they. None can equal them in fine and fancy dyeing. None clean gentlemen's garments as clean. None finish ladies' fine garments better. None make lower prices even for poorer work. Their blanket cleaning is perfection, being most thoroughly cleansed and sulphured."

¶ We have issued a circular explaining How Blankets ought to be cleaned which will be Mailed Free to ANY ADDRESS UPON REQUEST.
