Preface

In presenting this, the first directory of San Rafael, we have endeavored to make it as correct as possible and a book that will meet the requirements of the residents and business men alike. The publishers take great pride in this book, and have tried to get out a directory that will not only benefit the people of San Rafael as a directory, but something that can be sent with pride to different cities of the United States, and be a medium that will bring new residents to your city. In connection with the publication of this directory every house and place of business in San Rafael has been numbered, and the City Trustees have ordered signs with names of the streets placed on the different corners. In this enterprise we have met with the hearty support of the citizens and we herewith thankfully acknowledge the generosity of the people.

Respectfully
