

We respectfully solicit a continuance of the liberal patronage bestowed upon the late firm, which we shall constantly strive to merit.

Sensible of the rapidly increasing wants of the States and Territories on the Pacific coast in this branch of trade, we have increased facilities which will enable us to supply Dealers and Manufacturers with all articles in our line of business adapted to their particular locality, of the best quality, of the latest and most approved patterns, and at the *Lowest Prices*.

Mr. WM. JAMES, of long experience in the business, will make our purchases.

---

This Manufactory, which is located at Potrero, was established in 1856, by Messrs. FLINT, PEABODY & Co., and Messrs TUBBS & Co., and has been successfully conducted ever since. The buildings are upon the most extensive scale—that used as the rope-walk being one thousand feet in length, the department devoted to the spinning of the yarn being one hundred feet long by forty feet in width. The material used is Manilla hemp—regular shipments being made for this purpose. This Manufactory gives constant employment to fifty hands, who turn out 2,000,000 pounds of cordage during the year—about 6,000 pounds of the raw material being consumed each day in the manufacture. The office is at Messrs. Tubbs & Co's, 613 Front Street.
