

TAHITI

The land of bread fruit, coconuts and flowers. Clement Wragge, in "The Romance of the South Seas," says:

"Tahiti is the island of the gods! People don't know, they have no conception of the glories of these islands. The Globe-trotter follows the beaten track and leaves this fascinating spot out. One should go not only for the short stay that the steamer remains in port, but stay over a steamer and become acquainted with the natives in their picturesque villages."
