

GENERAL INFORMATION.

SUBSCRIBERS' NUMBERS—Each subscriber's telephone is designated by a number placed to the left of his name. The number is prefixed by the name of the exchange with which the subscriber is connected. In calling for subscribers it is necessary that both the exchange name and number be given. Subscribers are cautioned to use prefix in full.

DIRECTORY—The current issue should be used to obtain correct numbers. The Directory is issued gratuitously by the Company to subscribers for their convenience, and not as a part of any contract between the Company and any subscriber, and the Company assumes no liability whatever because of errors or omissions in the Directory. Subscribers are requested, when they desire a change made, to notify the Company in writing.

LONG DISTANCE CALLS—To make connection with other towns, remove the hand telephone from the hook and when operator asks "Number" say "Long Distance." When the Long Distance Operator answers "Long Distance," give your telephone number and name and the town, telephone number and name of party wanted.

HOW TO ANSWER A TELEPHONE CALL—Remove the hand telephone from the hook and say, "Here is Main 297" (or whatever your number may be). The party calling should say, "This is Main 298" (or whatever the number may be). Much friction and annoyance will be avoided if this simple plan is carried out.

TELEPHONE "INFORMATION"—This department has been established for the general benefit of the service and to give attention to subscribers asking for general information regarding change of subscribers' number, name, location, names not in book, etc.

NON-SUBSCRIBERS—When it is desired to have a non-subscriber called into one of our public offices at a distant place, a messenger will be sent for at the expense of the party ordering service.

MONEY TRANSFERS—Money transfers limited to \$100 may be made between stations of The Pacific Telephone and Telegraph Company with the permission of the nearest Division office. The receiving operator must see that the amount to be transferred is deposited, together with transfer fee and charge for message. Tickets covering transfer of money must be made with full information including the names of the receiving and paying offices, amount transferred, transfer fee and charge for message.

The rate is one per cent on the sum transferred (providing no single charge is less than 25 cents), in addition to the cost of 2 ten-word messages.

TELEGRAMS—All stations of The Pacific Telephone and Telegraph Company are being equipped as rapidly as possible with Morse telegraph instruments in order that a regular telegraph business may be done over the lines of the Company. Telegrams should be accepted by all agents and employees whenever offered for transmission. If there are no telegraph instruments at your office, the message will be telephoned to the nearest office equipped with instruments, so that it may be forwarded by telegraph from there to its destination. All employees are particularly cautioned against refusing to accept any such message.
