Calling the wrong number
is knocking at the
wrong door

HAVE you ever searched
for the home of a friend
in a strange neighborhood
and accidentally knocked at
the wrong door?

A similar inconvenience can
be avoided when making a
telephone call by consulting
the directory before placing
your call.

Our memories play us
strange tricks, and when re-
lied upon for telephone num-
bers cause us to ask for 4565
when we intended to call
4556.

Always consult the directory
before making a telephone
call. It is the best assurance
against inconvenience for
you and the person called in
error.
