BEST RESULTS can only be obtained through Chiropractic when it is  
administered absolutely correctly.

Every known device which we feel is necessary to accurately analyze your  
trouble and show the exact position of each vertebra in your spine has  
been installed in this office.

THE X-RAY is the only EXACT method of determining the condition of  
your spine. We recently installed the latest in X-Ray equipment with  
which we can take the entire body on one film. This is NOT a Fluoro-  
scopic x-ray, but a film which can be kept as a record and given  
thorough, careful study, — using it for comparison if later X-Rays are  
necessary. A thorough explanation is given as you study it yourself.

Although we have had years of experience, we have kept up on all the  
latest, most modern methods in Chiropractic. These qualifications  
coupled with exacting care in each case, has built our reputation for  
getting sick people well. We do not care how many things you have  
tried; don't say that you have done "everything there is to be done" until  
you have consulted us about your condition.

Our fees are modest. Our treatments are gentle.

YOUR CASE will not be accepted unless we feel satisfactory results can  
be obtained.
