GENERAL PAINT CORP 1301 J. GI lbrt 3-7201

For speed and accuracy on your dial calls, listen first for the Dial Tone. Dial each letter and digit carefully, drawing the dial all the way to the finger stop. Each time lift your finger to let the dial return to position naturally.

Do you want the dial tone before dialing? When you dial before hearing the tone, you prevent the equipment from getting you your number. You also impair its ability to serve other users. Waiting for the dial tone helps the service to serve all.
