A thoughtful party-line user answers her telephone bell promptly... places her own calls accurately, so that they do not have to be placed again... does not monopolize the telephone at the inconvenience of others... teaches children, too, the little telephone kindnesses... and when her telephone is not in use, sees that it is hung up.

Tele-fun
by Warren Goodrich

"Hey, I'm not making that noise, it's the phone signaling that you dialed your number wrong!" To get the right number, always dial carefully, keeping your eye on the dial... Pacific Telephone.
