

Person-to-Person Service

From One Person to Another

A Person-to-Person call is one on which you specify a particular person to be reached at the called place or a particular station on a private branch exchange.

Person-to-Person service is available to all points except those to which "Number Service" is furnished exclusively. The rate for a completed Person-to-Person call is about one-quarter greater than the Station-to-Station rate. The rate for a completed appointment or messenger call is about one-half greater than the Station-to-Station rate. To make a Person-to-Person call ask for Long Distance, and, for example, say to the operator, "I want to talk to Walter Jones, East 1002 Portland, Oregon." "This is Main 1234, John Smith speaking." If a specific station on a private branch exchange is desired, say "I want to talk to Main 1000, Local 128, Portland, Oregon."

REPORT CHARGES

A report charge is made on Person-to-Person calls which cannot be completed for the following reasons:

1. The called party is not available at the called station, or refuses to talk, or to accept the charges on a collect call, and a report to this effect is given the calling telephone within one hour from the time the call is given to "Long Distance."
2. When the call is ready for completion the calling party is not available or refuses to talk, or no answer can be obtained from the calling station provided this report is obtained within an hour from the time the call is given to "Long Distance."
3. If an appointment call is not completed after the appointment has been definitely arranged with the called telephone.
4. If a messenger call is not completed after arrangements have been made to notify the called party to come to a telephone.

Reports will be given by the operator when obtained. Additional reports can be secured by calling "Long Distance."

The report charge is compensation

for the operating work performed; the minimum charge being 5c; the maximum \$2.00.

A report charge, in addition to the charge for the call, is not made provided the call is completed on the day on which it is filed or the next day.

COLLECT CALLS

A Collect Call is a request to have the charges collected at the called station. Such calls will be completed if the charges are accepted by the called party.

APPOINTMENT CALLS

An Appointment Call is a Person-to-Person call on which communication is to be established at a specified time.

MESSENGER CALLS

A Messenger Call is one on which it is necessary to send a messenger at the distant point to call a specified person to a telephone. The messenger charge (actual amount required) must be guaranteed by the calling party and must be paid even though the desired conversation is not held.
