

It's Easy to find  
"Where to buy it"

To find a business concern  
you have in mind—

First, locate the heading descriptive of the general type of business.  
This will be found in its regular alphabetical order.

Then, locate the desired concern and telephone number by examining  
the listings under the heading.

To find where to buy the article  
or service you want—

First, locate the headings indexed by the name of the article or service  
you wish.

Then, select from the listings the dealer with whom you wish to  
do business.

Under these headings may also be found sub-headings descriptive of par-  
ticular kinds of articles or services and the dealers in a position to serve you.  
The advertisements provide you with more complete buying information.

Trademark or brand names will be found under the heading descriptive  
of the product or service rendered.
