The network of Long Distance lines here at home is a part of the war machine, too. More lines cannot be added. Materials are needed for the fighting side of the war. But the lines have a big job to do—speeding production and moving troops.
Your continued help in making only vital calls to war-busy centers is a real contribution to the drive for Victory.

Two friendly telephone habits:
QUICK to answer when your bell rings; SLOW to hang up when you call someone who does not immediately respond. In calling others, remember that the called person may be almost there—so wait a few seconds longer.
