Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Who SELLS IT?

For accurate dialing of your calls, wait a few seconds for the steady humming sound of the dial tone. Then dial each letter and numeral gently, without forcing. If you get a busy signal, please hang up before dialing again.
