Advertising in the Yellow Pages of
the Telephone Directory is a
direct way to keep your products
before buyers. More and more
people "Look inside the Classi-
fied" before buying.

Don't forget to plan for con-
cealed telephone conduit and
convenient locations for tele-
phone outlets when you build
your new home. These built-in
telephone facilities add real value
to a home, yet their cost is very
small if they are installed during
construction.
