It's easy to make friends on the telephone, too

1. When you answer promptly, you show friendly courtesy to the person calling. Of course, it's sometimes impossible to reach the telephone within the first ring or two, so when you're making a call, give the other person time to answer - at least six rings.

2. When you talk directly into the transmitter and speak naturally and distinctly, your voice will come through clearly. Lips about half an inch from the transmitter give best results. Your listeners will appreciate these little telephone courtesies and you won't have to repeat words as often.

3. When you look up numbers in the telephone directory, you help insure getting the right number when you call. Many telephone users keep a handy list of frequently-called numbers, for they know that a "wrong number" wastes their time and that of the other party.

Thank you!

The Pacific Telephone and Telegraph Company

FOUR Thoughtful ITEMS OF TELEPHONE PROCEDURE

- 1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and slowly, with the lips just clearing the transmitter.
4. Please replace the receiver gently when through talking.
