

A high-contrast, black and white photograph of the Golden Gate Bridge under construction. The bridge's towers and suspension cables are visible against a bright sky. In the foreground, several people are silhouetted against the bridge's structure. The title "SURVEYOR" is written in a large, red, serif font, and the year "1971" is written in a smaller, red, serif font below it.

DEDICATION

JACK

DICK

to two of washington's best friends

Mr. John Matelli is known to all as Jack the gardener. He calls many students by name; whether they eat on his well cared-for football field or not, Jack always has a smile for everyone. His devotion for keeping the grounds green and in flower is his way of showing appreciation for some of the best things in life.

After many years of attending classes ruled by tests and due dates, it is an exciting experience to have a teacher to whom all students, as individuals, are the most important part of school. One such teacher is Mr. Richard Castile, someone who really cares and is a good friend to many. Through his research on poverty and his work with the teacher's aide program, Dick has demonstrated his deep concern for the welfare of all people. We are distressed that his recent hardships have taken him away from us temporarily and wish for his speedy and healthy return.

TO THE FALL CLASS OF 1970

This is probably the last time that all of us will be together as one group. Some of us will be going on to college, or work. Many of us will make new friends, but some of us will keep our old friends we made during the last three years.

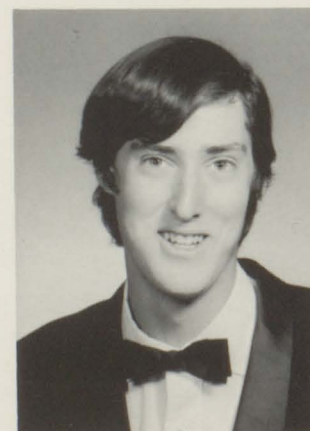

Our future life will be changed as it always is when people grow up. What we have learned through our past three years will be reflected in the kind of persons we turn out to be.

I sincerely wish to all the people who made our life what it is a happy future and the best of luck.

Sincerely yours,

SPORTS

VARSITY FOOTBALL

It was a rough year for Washington's football team. Three of the eight teams in our league were ranked in the Northern California top ten at least once. Although the Eagles did not make the playoffs, they were in contention for a playoff berth going into the last week of the season. However, a Wilson victory over Galileo, coupled with our big defeat at the hands of Balboa, gave Wilson the fourth playoff spot.

On offense, the Eagles were led by Senior quarterback Will Durnick and backs Mike Jessee and Ronald Bill. Defensively, Tony Tucker, Gabe Yoldi, and Winfred Jew played well all season long. The Eagles lack of size and quickness were singled out as the main reasons for our mediocre record.

Coach Bruce Nelson and Will Durnick talk things over.

Uio Baliao takes aim against Balboa.

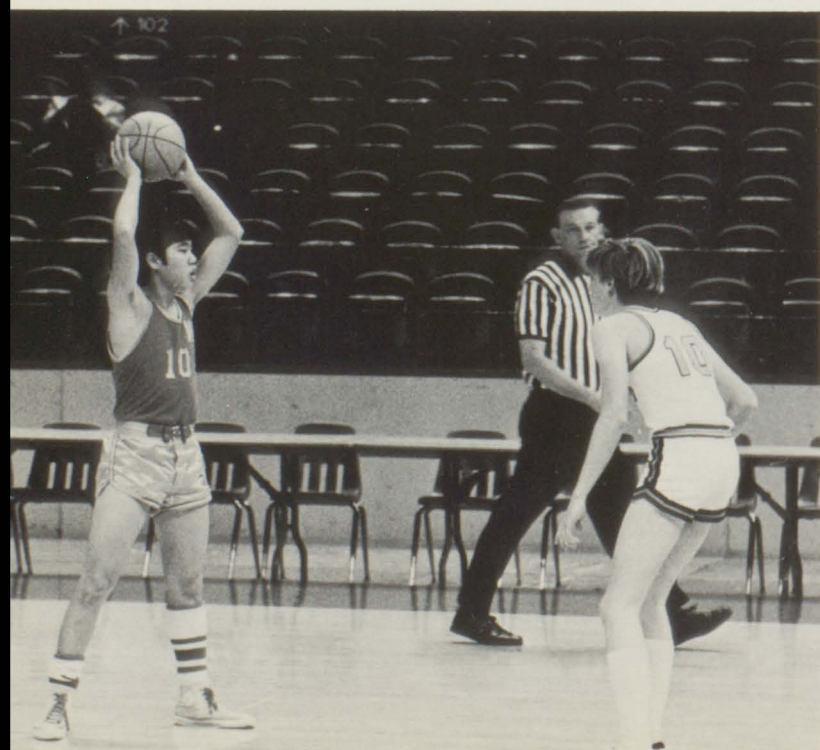

The 1970-1971 season was truly a banner year for the Washington Eagles. The Eagles had a small team (only two starters were over six feet) but their quickness and aggressiveness compensated for their lack of height. The Eagles adept ball handling and tight defense led to 23 victories and only 7 defeats. The AAA this year was loaded with talent. Poly, by virtue of their last second victory over us, took the round robin title with a record of 6 and 1 while the Eagles, Lowell, and Wilson, tied for second with records of 5-2. In the semi-finals Poly faced Wilson while the Eagles tipped off against Lowell. Lowell beat the Eagles in a very close game earlier this season and the Eagles were looking for revenge. They got it as the Eagles scalped the Indians by 22 points. The stage was now set for the championship game against Poly.

The Eagles defeated the Parrots 56-51 forcing a second title game to be held the following Friday at City College. At the half, Poly had a one point lead as the Eagles were hurt by the inside work of the Poly big man, and our leading scorer, Ed Chow, had a disappointing first half. In the second half the Eagles played good ball and with 48 seconds left and a 5 point lead, things looked rosy for the Eagles. But the Poly center, Atchan scored two quick baskets and was fouled on the way up the second time. He missed the free throw but another Parrot, C.W. Love got the rebound, was fouled, and was sent to the free throw line with 2 shots. Love missed the first and made the second and it was now our ball with 9 seconds to play. With one second left, Eddie Chow uncoiled a 28 foot jumper that hit the mark. It put Washington in the TOC for the first time since 1952.

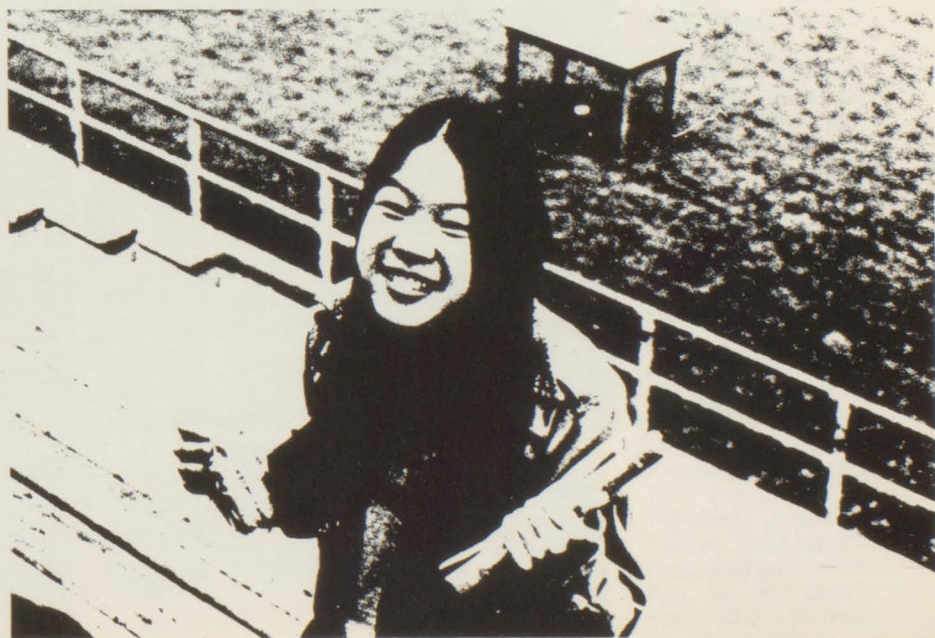

The TOC is a quite prestigious tournament featuring the champions of most of the leagues in Northern California. We lost in the semi-finals to Berkeley High in a game that just as easily could have gone the other way as it was a nip and tuck battle all the way. We took 3rd in the Tournament of Champions and consequently, we were voted the 3rd best in Northern California in the Examiner Coaches polls. It was a great year for Washington High and Phil Ching and Ed Chow were both named to the all-city team.

The departed whom we now remember have entered into the peace of life eternal. They still live on earth in the acts of goodness they performed and in the hearts of those who cherish their memory. May the beauty of their life abide among us as a loving benediction. Peace.

FACULTY

STAFF AND ADMINISTRATION

When asked to write a message for this annual by the Surveyor staff, I found myself in somewhat of a dilemma. How could I best express my feelings of joy and satisfaction at returning to this wonderful high school where I had spent over twenty enjoyable years as a member of the teaching faculty. Suffice to say, my problem was finally resolved in the decision to attempt to express a few words to all who joined in making this year 1970-71 such a happy one for me.

TO THE FACULTY:

I want to express my pleasure in renewing acquaintances and friendships of former years. My sincerest appreciation and gratitude to all the staff -- new friends and old -- for the warm reception and unhesitating effort and cooperation in all our academic and co-curricular endeavors. Thanks one and all.

TO THE STUDENTS:

It has been a distinct pleasure to meet this fine group of young men and women. I appreciate your warmth, candor, and earnest efforts to know me as much as my attempts to know all of you. So many reached out for my hand in a spirit of friendliness it was easy to respond to in kind.

A student body of over three thousand students is actually bigger than most of the cities in the United States -- but George Washington High School has been and I hope, will continue to be real warm, closely knit community for all its personnel components.

TO THE GRADUATES:

Godspeed and our heartfelt expressions for your good health and our best wishes for success in your future schooling and business endeavors. Remember your three happy years at George Washington and think of us kindly once in a while. Remember, too, you are always welcome to return and visit your Alma Mater.

In closing, let me again express my thanks to all Washingtonians-- Faculty, Students and Alumni, for making this the best year of my entire professional career.
