

Mission

Dear Miss Jifford,
ever though I didn't
deserve the best & it's
been fun knowing you.
Your friend
Charlotte Green

Mr. Tooley,
You the darlingest
teacher at Mission and
my favorite. As you said
we have been through a lot.
I'm very glad that I had a
chance to be in your class for
it was in your class that I
started to read the classics.
I would have gotten around to
them sooner or later but with
your help I can now read
Shakespeare and understand it.
God Bless you,

XO Love Always,
Penny Scott

Mr. Tooley,
Best wishes
and good luck
in your future.
At Mission
has been a great service
to have known you.

"Hail! oh hail! dear Mission, Glorious High School hail!"

MISSION HIGH SCHOOL

*Richly God endowed her; she must never fail,
Mission High School, Alma Mater, hail! all hail!*

History

The site where Mission High School stands was the location of an Indian Community when Father Junipero Serra visited this area in 1777. Fray Francisco Palou, who was in this area in 1776, is accredited with the founding of San Francisco de Asis-Mission Dolores. The Indian community was situated on a narrow creek which flowed eastward to the Bay. The creek has long since been filled in, and its ancient bed is now Eighteenth Street on which Mission High School faces.

Mission High was founded in the year of 1896. It was so named because of its association with the scenes and events described above. Its colors are brown and gold symbolizing the gold of California and the brown of the habits worn by the Franciscans.

The class which constituted the original student body, in charge of Miss A. Goldsmith, had accommodations in the Valencia Street Grammar School Building at 22nd and Valencia Streets under Principal Joseph O'Connor's supervision. The school began with a single class, and in 1919 there was an enrollment of nearly 600. From a single teacher in 1896, the faculty has grown to a staff of 117 certificated school people.

Under the leadership of Principals Joseph O'Connor, F. H. Clark, William J. Drew, Joseph Newman, Louis Conlan, Alvin Morse, E. K. Frederick and presently Barton Knowles, Mission High School has become one of San Francisco's best high schools - academically, athletically, and socially. Though the school has been damaged by fire, removed and rebuilt, Mission has managed to turn out good material. Mission High is proud of the many alumni who have established themselves in all walks of life: for example, Dr. Robert Gordon Sproul, President-Emeritus of the University of California; John Shelley, Congressman from San Francisco; Eugene McAtee, State Senator, and many others.

When I browse through this bit of history, I am reminded of a poem that explains our history perfectly. It goes something like this:

" Bells of the Past, whose long forgotten music
Still fills the wide expanse--
Tinging the sober twilight of the Present
With the color of romance."

Foreword

It is the pleasure of the Yearbook staff to present to you this 1962 Mission. It is our sincere hope that you will enjoy this book as much as we have enjoyed planning it and making it a reality.

As we look back, the "Trail of the Padres" was a long, hard trip, not only for the Spanish Padres who came to California, but also for the Yearbook staff. We re-created the efforts of the Padres as we followed the "El Camino Real" theme.

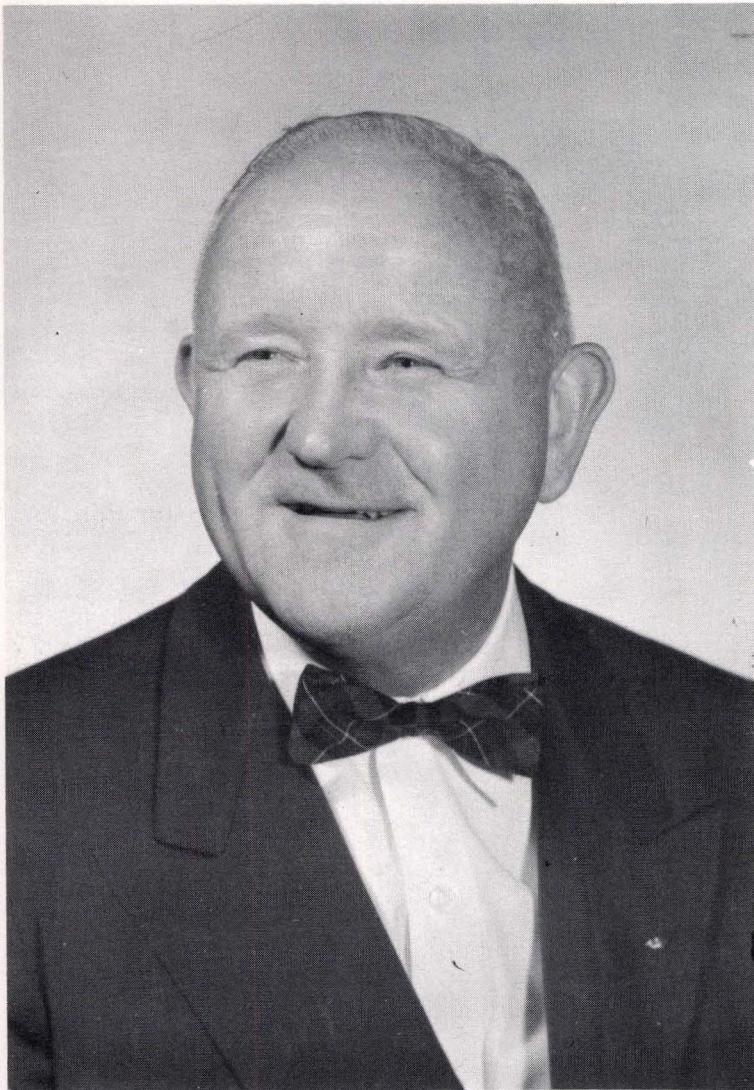

Our enjoyment of this Yearbook seems all the greater now, as we look back upon the efforts and frustrations that went into the making of it; Those numerous times when copy and pictures were lost, strayed or merely missing; when an important event had been neglected, and left without pictures or coverage; when deadlines were encroaching dangerously near. But, in spite of all this, publication was finally completed.

We wish to extend a special note of thanks to Miss Florence Nordholz for contributing information concerning Mission's heritage, which added much to our theme "Trail of the Padres"; and thanks to the Yearbook Photographers, Plymouth Pictures, and to Miss Dorothy Goodrich and our Art Department for their efforts to make your annual the best ever. But not least, our gratitude to each of you: the entire Mission student body; the administration, and the faculty, for without each of you this 1962 Mission Yearbook would never have been published.

Sincerely,

DIANE MACKINTOSH, Editor
And the Yearbook Staff

Dedication

The Senior Class of '62 would like

to take this moment to dedicate the Fall
'62 Yearbook to Mr. Harold Brillhart.

Until 1904, California did not know
of a young man who would later be loved
by hundreds of school students; until 1923,
a San Francisco principal had never wit-
nessed a teacher with such a smile; and
until 1950, Mission High School students
had not learned how to prove the Pytha-
gorem theorem with thirty steps.

Mr. Brillhart is kept busy with his outside activities. He is a member of the Masonic Lodge, Royal Arch Masons, Knights Templar, and many other active organizations.

For 27 years, he has been a gardener and an apiarist--a bee keeper. It is known that he enjoys look-
ing at--triangles, polygons, and quadratic equations, but he is a bird watcher also. He enjoys traveling and
visiting friends all over the country.

He may not be another Frank Sinatra, but the jovial Mr. Brillhart is Mission's best tenor singer. I re-
member one day when I was in his geometry class I heard him say, "My father always told me to be tall, slim
and sing bass; but on the contrary, I am short, stout, and I sing tenor."

When Mr. Brillhart leaves room 220, we will be losing a spirited teacher, a pleasant voice, and a
"real lump of sugar."

Principals

DR. E. KEMP FREDERICK

Mission's industrious principal, Dr. E. Kemp Frederick, who is now on his sabbatical leave in Europe, has been the principal of Mission since the Fall of 1954.

With an interesting career in education, being both a teacher and a counselor from 1938 to 1949, he became assistant principal in 1949.

While principal at Mission, Dr. Frederick accomplished many valuable changes-for example, a print shop was started, and the school was remodeled and painted.

Principal Frederick said that he has enjoyed every minute at Mission, and that the school has "a tremendous future".

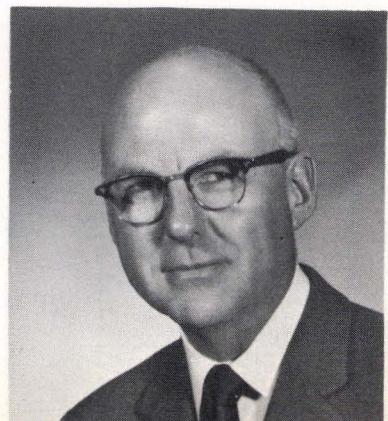

Mission's No. 1 men enjoying the cafeteria's fine food.

MR. BARTON H. KNOWLES

Acting as principal during Dr. Frederick's sabbatical leave is Mr. Barton H. Knowles.

Like Dr. Frederick, Mr. Knowles, too, has been a classroom teacher. He has taught Social Science at George Washington High School. Following this teaching experience, he came to Mission in 1957 as dean of boys and assistant principal.

Carrying on with the same administrative efficiency as his predecessor, Mr. Knowles has said that he considers it a privilege to be principal at Mission. He has further remarked that there is no other school at which he would rather be.

MR. E. A. ANDERSON

In the three years that he has served as Dean of Boys, Mr. E. A. Anderson has achieved the respect and admiration from both the student body and the faculty. Endeavoring to be both disciplinarian and friend to the students, Mr. Anderson is, indeed, a busy man.

Witty words from Miss Lins rates laughter.

Deans

A dean's day is always busy.

MISS MARY LINS

Utilizing her office as a classroom, Miss Mary Lins attempts to teach Mission girls the qualities of integrity and responsibility. Her devotion is shown in her interest of improving Mission in all possible ways. Esteemed by the students, it is clearly evident that she enjoys her work and takes pride in Mission.

Counseling

Now Diane, what's your problem?

Our counseling department is always busy. Students come to have their programs changed, or to discuss a personal problem, or to find out if they have enough credits to pass-- or a million other things!

Students find their counselors to be very understanding people who are willing to help in various situations, both at school and at home.

Other members of this department are Mr. Saul Barnett, Mr. Arthur Elston, Mrs. Dorothy Goodrich, Mrs. Elizabeth Marcus, Miss, Erba Marraccini, Mr. Edward Sabini, Miss Victoria Silveria, and Mr. Bernard Wiesinger.

Hey, Karen, did you find it?
Eba apparently did!

The chief objective of our English department is to further encourage each student to develop to his maximum potential. This is accomplished through written and oral expression.

Students have the opportunity to express themselves in a variety of elective and required courses. Through the reading and discussion of novels, short stories, plays and poetry, the students become acquainted with the world's finest literature.

Using the new oral-aural method of teaching a language, students learn by listening to constant repetition of long-playing language records.

Senora Marcus says, "Mission High School has the best language department in San Francisco. This fact is proven by the results on the National Language Contests made by some of the outstanding students interested in the Language field. We are proud of our wonderful department."

Consisting of six shops and two mechanical drawing classes, the Industrial Arts Department educates approximately 1,500 students a term. The department's primary goal is not to train machinists, carpenters, electricians and draftsmen, but rather to acquaint the student with the various tools, materials and techniques needed in this highly mechanized age. Since its conception in 1951, the department has, at a high cost, constantly replaced equipment in order to keep pace with technological advances. The department's reputation is known throughout the city.

With the objectives of teaching the foundations of intelligent citizenship within the school, home and community, and of conducting such basic military training that will be beneficial to future members of our nation's armed forces, Mission's R.O.T.C. offers a well-rounded program of studies, including Leadership and Drill, Ceremonies, Marksmanship, First Aid and Hygiene, Customs of the Service, Map Reading, Small Unit Tactics, and C.B.R. The development of a strong body, a firm moral fiber, and a sense of good sportsmanship in the student might be said to be the three-fold objectives of this department.

TO A PEN

Without the pen, there would be no city,
Without the pen, there would be no Poe,
 Take the pen, and you'll take the witty,
 Take the pen, and you'll give but woe,
Without writing, there would be no schools,
Without writing, we would all be fools,
 Take the pen and you'll play with fate.
 But most of all---you'll ruin "Paper-mate."

-by James Dean

Debs Bring Recognition To Mission

First Prize Scholarship Winner
Debutante - Ruby Beckham
Escort - Robert Crawford

For the first time in history, a second scholarship was awarded. This scholarship was given to Barbara Sims for the extraordinary ability shown on her written essay.

Barbara is a high senior. Her home-room is the Girls' Gym. She plans to enter S.F. State College. She wants to become an art teacher.

To honor the outstanding Negro girl of the Bay Area, a 20th Century Cotillion Debutante Ball is held annually. To reign over the 14th Annual Cotillion is queen Ruby Beckham.

Ruby became the 1962 recipient of the first prize scholarship because of her excellent grades all through high school.

Ruby is a high senior. Her home-room is the Girls' Gym. She plans to enter S.F. State College to continue the study of Spanish, Mathematics, Social Studies and English. She plans to teach one or more of these subjects on the secondary level.

Rich Colombo drives for paydirt.

Rich, that's a hard way of making friends.

It's been said that the most remembered athletic teams are those that come in first place - or last place. If this be so, then regrettably, our varsity football team will long be remembered, for we lost every game.

The pre-season newspaper write-ups rated us as a top threat for the championship, but our more soberminded coaching staff realized that they had an inexperienced team to work with. They knew that our chances for a championship were slim.

We opened the season against a strong Lincoln team. It looked encouraging during the first half. The score was 25-12 in our favor, but then our luck changed, and the final score had Lincoln winning by 9-25.

Sacred Heart was our next foe. During the first half, S.H. scored three times for twenty points, but then our defense checked any further S.H. scoring, but once again, we lost. Throughout the season our team tried their best, but we lost every game.

Next year it will be a different story. Almost the entire team will be returning to play. We'll no longer have an inexperienced team.

Mission's defense drops a Poly parrot.

Our junior varsity squad completed the season with a respectable 5-3 record, thus enabling our team to gain a third place finish. We lost to S.I., Poly, and Lowell by close scores.

Robert Watkins was voted the most valuable player by his team-mates. Coach Olivier said that with some better breaks the team might have gone all the way to the top.

Bob Watkins is aided by Paul Malerbi in destroying S.I.

Action is fierce and plentiful.

Mission's Soph frosh football team finished the season in second place. Their record was 5-1-1. Coach Benjamin remarked, "The team never stopped to argue or loaf; they played football, they kept hustling."

Top candidates for next year's varsity team will be quarterback Gene Heves, guard Garry Woods, and ends Ray Cook and Alton Odis.

With the exception of some bad breaks that cost us the Sacred Heart game, our team would have had an unblemished record.

After Mission's winning of the championship, Coach Dalton gets carried off the field by the team.

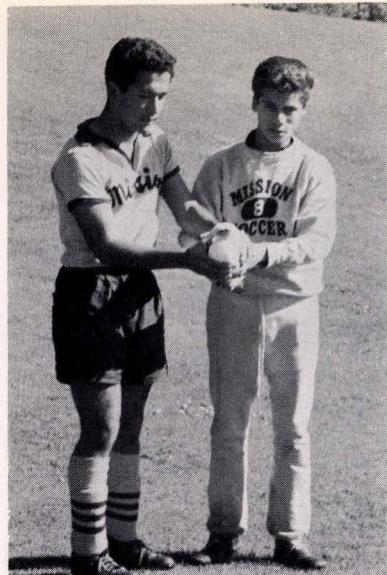

The Mission soccer team won another A. A. A. championship. The team played vigorously throughout the entire season, and team captain, Rick Olivas, said that the credit was due to the strong united team effort. The city championship game, held at Balboa stadium, involved a strong Washington Eagle team, and apparently stronger Mission team. Rick Olivas broke the 0-0 tie with a 19-yard field goal during the last two minutes of the game.

You leave my little brother alone, or else.

Although not blessed with exceptional runners, last fall's cross country team scored well in the city finals. Because scores are computed on the basis of the first five runners, Mission's total score was not impressive, even though some of our runners placed high.

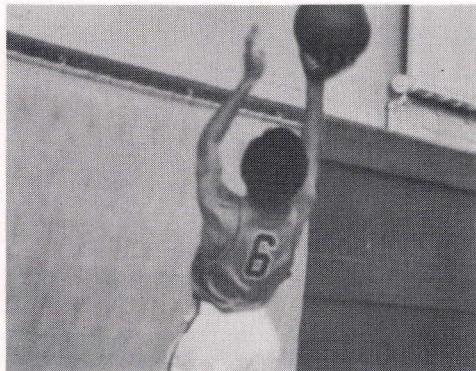

Our top runners were Val Timberlake, Steve Regas, Gary Grutze, and Rick Payne. Others who performed well were Ed Price, Michael Ramirez, Harold Rudolph, Allan Gallagher, Charles Cindak, Robert Bustamonte, Sam Flores, and Clinton Hass.

Next fall our cross country team should be in contention for top honors. We say this because many experienced runners will be returning to the team.

Coach Lloyd Leith's varsity basketball team completed the '62 season with four wins and four losses, a record much better than anyone expected.

130's

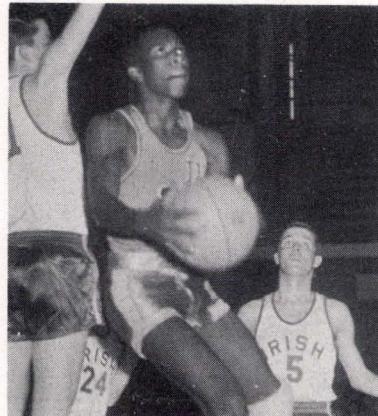

Led by All-City Dexter Garnier, our 130 pound basketball quintet won four and lost four. This record won us a playoff berth.

In the first playoff game against round robin winner Poly, our boys won by an upset score of 37-36. Two days later we played a rugged Bal squad and lost by a heartbreaking 40-37.

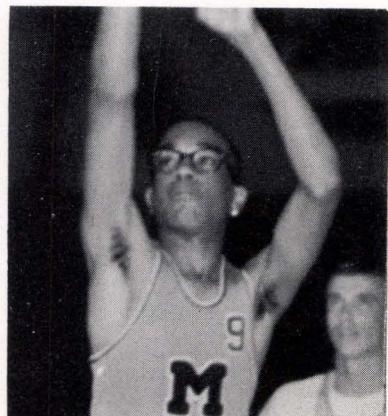

Our 130's were under Coach Ernest McNealy's firm hand. Along with the fine work done by Dexter Garnier, there was the sharp floor work of captain Joe Smith, as well as the competent board work of Charles Luke, Calvin Peterson, Allan Gallagher, and Willie Washington.

Others who were doing well include Arnie Brown, Lou Santiestaboun, Ron Razzura, Tony Enea, Charley Nelson, Mike Beard, Duane Keller, and Ed Yoshakowa, the latter doing a sparkling job out in center field.

S P R I N G

Mr. Tolley,
I have been so
very, very fortunate in
my high school career
to have the encouragement
of many wonderful people —
of most of these being teachers too.
I remember all my English
classes with you and at these
times I really enjoyed the work.)

if your
assignments.
Really feel you expect
from me and I'd like to
try to live up to that.
I really want to meet
your expectations. I'm
going to do my best
and I could meet
your expectations.

JOAN HEIL
Class Vice-President

Sincerely —
Joan
I still think
you're the best.

"The telephone directory is a more important book to me now that I have a part in preparing it. I'm working as a part-time employee with Pacific Telephone. I help to compile some 37 Northern California directories. The job is an interesting one, and I plan to work full time at it when I graduate in June. Why don't you look where I did, to find a full-time job? "
