DEDICATION

We dedicate this volume of the Franciscan to the Graduating class of 1959.

Even as its members worked toward their degrees, on all sides of the campus there was proof that ours is not a ready-made college, a college where once-built means settled-for-ever. Now, today, as the Class begins to say "Goodbye," the San Francisco State of the future is taking form.

This, we hope, will also be the story of the Class of '59: ever-changing, growing in intellectual and social accomplishment, bettering — these traits we wish for the graduates. And in their departure, we hope that some of the excitement of State will cling to them, that they will remember these days, that they will remember the college.

They now belong to us as alumni, and as alumni may they share with us the college as it will be in the years to come.

PRESIDENT'S MESSAGE

San Francisco State College

President Dr. Glenn S. Dumke

Another year has passed and you, the members of another graduating class, are leaving San Francisco State College. You will disperse in many different directions; and business, industry, education, government service, and graduate school will all claim their recruits. The State of California has provided you with the opportunity for an excellent education. How you have used this opportunity has, of course, been up to you. Some of you are doubtless well pleased; others of you may feel you have neglected some of the opportunities offered.

For all of you, I want to urge that a college degree does not mean the end of education — formal or informal.

Your years here have merely opened doors. It is still up to you to put to the best use the groundwork which has been laid at college. If you have developed an inquiring mind, a deep interest in a very interesting world and a determination to continue the educational process in whatever field you find yourself, then your experience at San Francisco State has been largely successful.

The term "commencement" means what it says, and I sincerely hope that your college career is merely the beginning of a lifelong educational process which will be the more meaningful because of your years at San Francisco State.

Glenn S. Dumke

The Vice President works directly with the President and is concerned with the academic and personal problems, the research program of the College, and general over-all college development.

STUDENT
GOVERNMENT

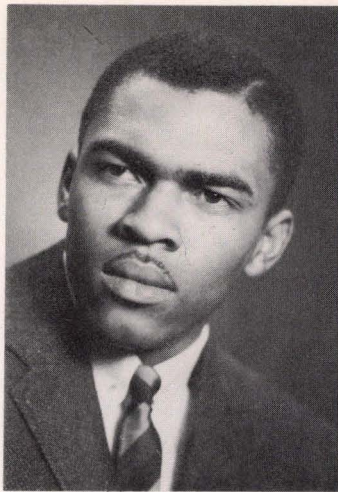

Nick Cretan
Student Body President

A.S.S.F.S.C. PRESIDENT'S MESSAGE

This year 1958-59 has passed, but I sincerely think friendships will linger on. I feel that the last year was a successful one not only for the campus as a whole, but for the Student Body officers who quietly worked behind the scenes. Progress can never be attributed to one person alone, but rather to a team effort. It is for this reason that I would like to publicly praise the work and effort of all the students, faculty, and administration who helped mold the associated Students into an effective organization. It is also well to note the extent to which the students have spread the name of San Francisco State at conferences which they attended, not only in our state and country but also abroad. It has only been through the interest and cooperation of the individual student on campus that the student organizations have been able to keep up with the remarkable growth of our college.

I'm quite sure that as the years pass, the graduating Senior will be able to look back and point with pride to the institution which gave them their footing for a step into the future, San Francisco State College.

BOARD OF DIRECTORS

The Board of Directors holds the executive power of the Associated Students, a non-profit corporation. Composed of thirteen student and three faculty members, it legislates in the interest of the student body at large and supervises the execution of a wide program of student activities. Through delegation to subordinate boards for specialized areas, appropriate policies are developed to give substance to student wishes for a campus government providing services for a more enjoyable and educationally stimulating campus life outside the classroom.

The student members of the Board are the five major officers of the corporation and eight legislative representatives-at-large, all selected by general student body election. Presiding is Nick Cretan, President of the Associated Students and executive officer of the corporation.

Left to Right, Row One: Alda Caggiano, Carol Schaeberle, Jim Warford, Lewis Van Buskirk, Bernadette Wehrly, and Max Bierstedt. Row Two: Fred Avilez, Maurice Amsden, James Adams, Dorothy Wells, Robert Shields, and Gloria Berman.

BOARD OF CONTROL

Under Associated Students Treasurer, Jim Warford, the Board of Control sets financial policy for the student body, and budgets and controls the expenditure of student funds. These are disbursed to support: publications and forensics; athletics and recreational activities; musical, dramatic, and other creative arts productions; student leadership conferences and special trips for outstanding students; lecture series and other cultural events; as well as dances and other social activities for the entire campus. It is the Board's aim to administer student body funds in such a way that every student benefits therefrom.

Left to Right, Seated: James Adams, Joan Aanonsen, Susan Strain, Don Scoble, JoAnn Hendricks, Keith Pinkney, Don Livingston, and Leo Young. Standing: Frank Chapman, and Charles Earlenbaugh.

BOARD OF PUBLICATIONS

To the Board of Publications is delegated the supervisory responsibility of the Association over its publications. These are: the bi-weekly newspaper, the *Golden Gater*; *Transfer*, in which are published the creative writings of students and faculty; the orientation handbook for new students, the *Alligator*; and, this, your yearbook, the *Franciscan*. The Board, in effect, is the publisher of these organs, defining overall editorial and business policies, but in such a way as to leave their editors with a large measure of individual freedom and responsibility, so vital to any publication. Don Livingston is the Board Chairman.

Left to Right: Phillip Foss, Michael Lusey, Kathryn Manoogian, Joseph Milia, Priscilla Pittenger, Arnold Katz, and Ferd Reddell.

JUDICIAL COURT

Recreated this year after a long period of inactivity, the Judicial Court, headed by Joe Milia, has developed as an independent arm of student government. Its job is to decide all questions of interpretation, authority, and jurisdiction arising under the Constitution and By-laws of the Associated Students. And, even more important, it is constituted to handle matters of student conduct regarding both individuals and campus organizations, recommending appropriate action in cases of violation of Associated Students and College regulations. This should, over a period of years, become a significant factor in student body affairs.

Left to Right, Row One: Bill Harkness, Norm Friedenborg, Paul Aehnlich, Hal Harden, and Joe Verducci. Row Two: Nick Cretan, Bill Phillips, Jim Warford, and James Adams.

BOARD OF ATHLETIC CONTROL

By law, the responsibility for the conduct of inter-collegiate athletics is vested in the President of the College; but, in practice, he delegates and shares this responsibility with the the Board of Athletic Control which is composed of both student and faculty members. The Board establishes and revises general policies for the conduct of inter-collegiate athletics; negotiates with the Board of Control and Board of Directors regarding financial agreements; approves a detailed athletic budget; determines policies for scheduling inter-collegiate contests; and acts upon the recommendations of the Director of Athletics for the granting of awards. Traditionally, a student voting member has been selected chairman, this year Paul Aehnlich, and the General Manager of the Associated Students, secretary, of the Board.

Left to Right: Jack Lyons, Ferd Reddell, Bob Edington, Harry Brakebill, Leo McClatchy, and Nick Cretan.

BOARD OF GOVERNORS OF SAN FRANCISCO STATE COLLEGE FOUNDATION

The Board of Governors of the San Francisco State College Foundation, composed of nine members, has policy control over the Commons and the College Bookstore. The Board membership includes the President of the College, two members of the faculty appointed by the President, and four regularly enrolled students appointed by the President of the Associated Students. The responsibilities of this Board include the hiring of management and the establishment of overall policy to assure that the Commons and the Bookstore are operated in a way that will provide maximum service to the students of the College.

Row Five: Alda Caggiano, Henri Laborde, Jeanne Vaning, Stan Tremewan, and Ted Smith. Row Six: Tom Brown, Ann Beach, and Joe Cortese. Row Seven: Joe Smyth, Lew Willson, and Ron Monteleone. Row Eight: Harvey Laird, James Adams, Ann Farrell, and Donald Castleberry.

COUNCIL OF ORGANIZATION PRESIDENTS

The Council of Organization Presidents, newly formed this year, has a dual role of representing the views, aims, and interests of all recognized campus organizations and of forming and executing general policies affecting them. It recommends the admission of new groups to the campus, sees that they serve useful purposes in accord with the educational aims of the College, and handles the calendaring and planning of all organizations' events. It has functioned this year under the leadership of Tom Brown.

The Associated Students Business Office is the medium by which students can receive extensive services provided through the purchase of student body cards each semester. The able staff that administers these many services are Ida Philips (seated), Elaine Kochiras, Dan Hosack, and Agnes Reese.

BUSINESS OFFICE

The Business Office is headed by James Adams, general manager of the Associated students. He serves in a supervisory position in administering the many individual, organization, and all campus services.

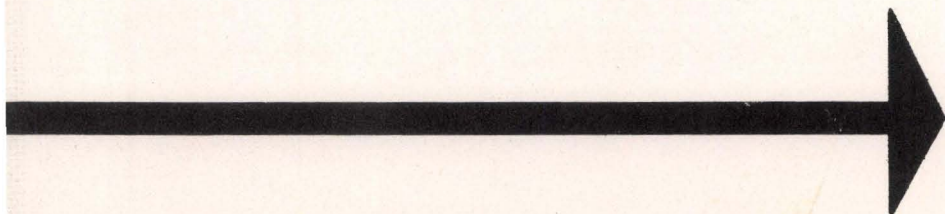

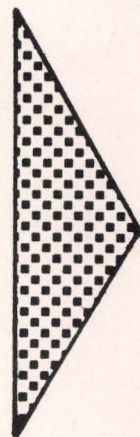

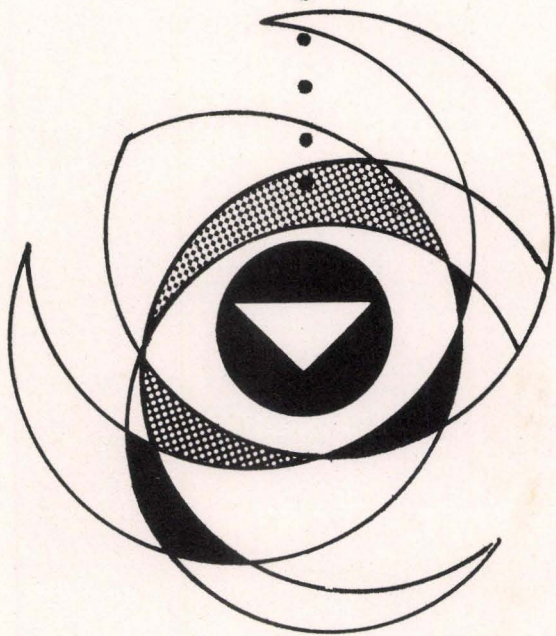

A well-known sight is the exterior view of Hut T-1, the home of the Business Office and the Associated Students Executive offices. Also available here are the organizational communication boxes, lost and found, check cashing, and information on college events.

Of these entries, they placed third in the 1958 homecoming float contest and took first prize on Christmas Tree Lane in 1957.

One of the most important concerns of Sigma Chi Delta is to direct and aid the members in their activities towards achieving a well-rounded and balanced social life, and to provide an environment for establishing life-long friends and brotherhood.

Highlights of the social year included participation in Homecoming activities, the Campus King Contest, the Christmas party, and the semi-annual formal banquets.

The fall president was Jan Jaegeling and the spring president was Carol Latimer.

Alpha Phi Gamma is an honorary co-educational journalism fraternity and the publisher of Alligator, the student handbook. It is a national fraternity, designed to promote academic and professional achievements in the field of journalism on the college campus. Eligibility requirements are outstanding services on school publications and high academic standing.

This group is also responsible for organizing the semi-annual publications banquet where trophies are awarded to writers and photographers whose work has shown unusual merit.

This year A.P.G. hosted a conference attended by 250 junior college students and faculty, who were on campus to attend workshops and lectures in the journalistic fields.

Diane Walts is president, Stanley Jeziorski is vice president, and Joyce Gambonini is secretary-treasurer. Sponsors are Leo V. Young and Stanley Anderson.

KAPPA OMEGA

Kappa Omega is one of the oldest fraternities at S. F. State. It was started in 1946 as an intramural team sponsored by two sororities, Kappa Theta and Alpha Omega. When it developed into a functioning organization it decided to become a "Greek" society, and in choosing its name took the Kappa from Kappa Theta and the Omega from Alpha Omega. Thus, Kappa Omega came into existence.

Kappa Omega's original purpose was to foster the growth of the lesser-known sports and held the All-Sports Trophy, awarded to the most outstanding intramural team, for seven consecutive semesters. It awards the Richard Eschenhorst Memorial Trophy annually to the person displaying the most sportsmanship during the intramural season.

A Fall dance is sponsored with Alpha Omega, and an annual Spring picnic is held in conjunction with Alpha Zeta Sigma fraternity and two sororities.

Kappa Omega members have been chosen Campus King five years in a row. In 1958, during Homecoming, it took first place in the float parade, co-sponsoring a float with Kappa Theta, and also took first place in the indoor Christmas display presented with Sigma Delta Gamma.

Officers for the Fall of 1958 are Tom Brown, president; Lew Willson, vice president; Jack Brennan, secretary; Roger Davis, treasurer; and Lou Bono, pledge master.

Alpha Phi Omega was formed nationally in 1925 and the local unit was established in 1956.

Its purpose is to assemble men of S. F. State in the fellowship of the Scout Oath and Law, to develop friendship, leadership, and association among Scout trained men and to promote service to the student body and faculty, to youth and community, to members of the fraternity, and to the nation as participating citizens.

Sponsors are Dr. Paul Bedesem (chairman), Mr. William Charleston, Dr. Douglas Fessenden, Rev. John Hadsell, Dr. James Perlman, Dr. Russell Sickelbower, Mr. Victor York, Mr. Mart Bushnell, and Mr. Jack Hurt.

Alpha Phi Omega sponsors the car pool bulletin board at the beginning of each semester, takes care of the check room at all dances, and is responsible for the care of "Albert," the school mascot, during the Homecoming game. Another official duty is taking charge of the election booths for the campus elections.

Carl Rasmussen was Spring president and Vahl Clemensen was Fall president.

BLOCK "S"

The Block "S" Society was started in 1931 to bring together award winners to foster and work with the athletic program at San Francisco State College. Among the original members were Dr. Ed. Goldman, Allan Bell, and Ed Henry.

The original sponsor of Block "S" was David J. Cox and the present sponsors are Dr. William Harkness and Daniel S. Farmer.

Members have sold programs at football games and been in charge of coke sales at basketball games.

Bob St. Clair of the San Francisco '49ers was guest speaker at one of the Block "S" meetings this year.

PANEL OF AMERICANS

The Panel of Americans is an organization of college students representing religious, racial, and ethnic groups. The panel normally consists of five members: A Negro, a Catholic, a Protestant, a Jew, and a first or second generation American. It had its start on this campus during the Fall of 1952 and is an outgrowth of the National Council for the Panel of Americans, which has its headquarters in New York. Panel adviser is Dr. John Clark, professor of English literature.

Left to Right, Row One: Marty McFarland, Mel Bell, *president*; Paul Kamney, and Jean Ternoir. Row Two: Dr. John Clark, *faculty adviser*; Mrs. Dorothy S. Bauman, *executive director*; Manuel Perry, Paul Jess.

The purpose of the panel is to ease inter-group tensions by presenting visual as well as verbal proof that people of such varied backgrounds can and do live peacefully together in one society. This goal is accomplished through public speaking engagements (on invitation) at which each member relates personal experiences with prejudice and discrimination and their effects upon him, followed by a question and answer period.

The panel speaks to civic groups, educational institutions, religious organizations, various clubs, and youth groups. During the past year the panel appeared before approximately 4,000 people.

WESTMINSTER CELTIC FELLOWSHIP

The Westminster Celtic Fellowship was started in 1953 to provide a Presbyterian college age group on the campus. Its sponsors are Dr. A. Daniel Peck and Dr. John Hadsell.

Activities consist of social get-togethers, including dinners and a snow trip. A retreat is planned for April. Study groups are held on current affairs, the Bible, and creative arts.

Left to Right, Row One: Janet Jerald, Ann Bossert, Carrie Ferguson, Carolyn Lutz, Marilyn Aubrey, and Carol Thompson. Row Two: Pera Daniels, Stan Conning, Tom Smith, Joanne Lewis, Mike Vidaver, and Al Klyce.

DESERET CLUB

The Deseret Club was formed on the campus in 1958 to foster social, intellectual, and cultural experience in accordance with ideals and standards of The Church of Jesus Christ of Latter-day Saints. The movement was started in Southern California by Preston E. Richards and Dr. Vern O. Knudson, Vice Chancellor of U.C.L.A. Dr. Gordon Low is the local sponsor.

Among the activities of the club have been progressive dinners, swimming, picnics, dances, bowling, ice skating, and talent shows.

Each week the group meets to study the religion of the Latter-day Saints and a guest speaker is invited once a month.

Deseret means honey-bee and symbolizes industry.

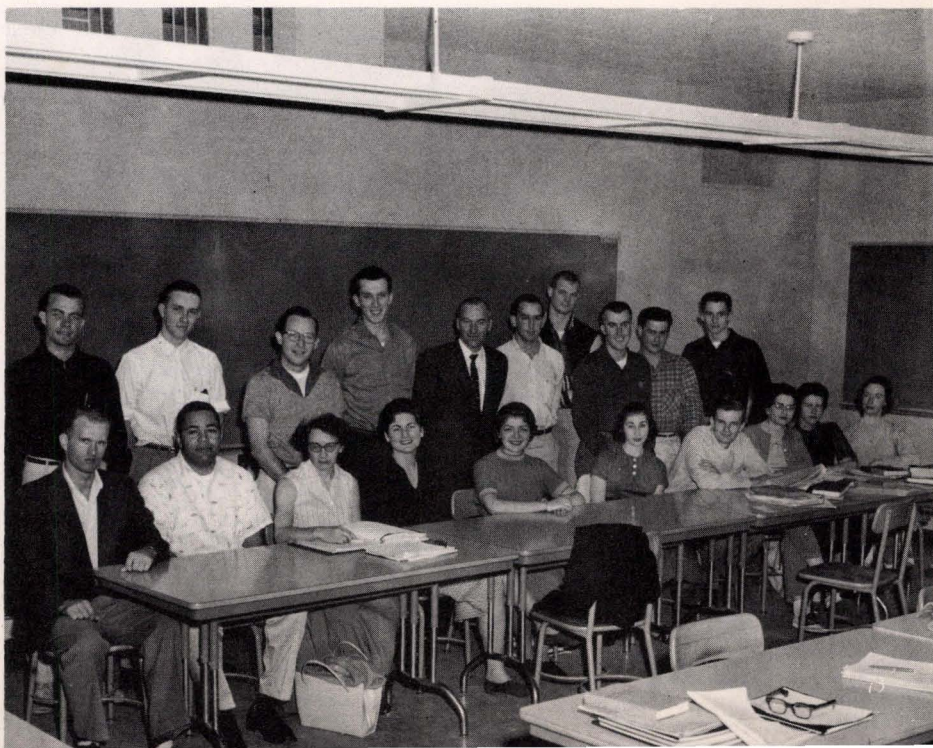

SPEAKERS' BUREAU

Originally organized to sponsor inter-collegiate debating, Speakers' Bureau has constantly expanded its horizons and looks to an exciting future.

Besides inter-collegiate forensic tournaments, Speakers' Bureau sponsors on-campus discussions, lectures, and debates on controversial issues. This spring debaters from West Point met Speakers' Bureau representatives in a debate on this campus. A challenge team also arrived from Oxford, England, in May.

Speakers' Bureau plans to continue these activities and initiate new ones, including affiliation with a national honorary speech fraternity and international debate tours.

Paulson, *sponsor*; Dave Fractenberg, Dave Collins, Jack Wilson, Dave Clark, and Vince Fernandez.

The Inter-Sorority Council consists of the president and elected senior and junior representatives from each sorority on campus. These representatives elect a president, vice president, secretary, and treasurer.

The original purpose of the council was to provide a better operational procedure for the sorority process. The Council is now extending its aims in new directions, including service to the school and community.

A Christmas party was given for the pupils in the Northern California School for Cerebral Palsied Children. An annual Spring formal is held in conjunction with the Inter-Fraternity Council. A new rushing procedure has been devised and instituted by both Councils.

The I.S.C. sponsor is Miss Nancy Hoyt of the Home Economics Department. Fall officers were Faye Orovitz, president; Noel Leonard, vice president; Mary Jo Dillon, secretary; Marlene Tofanelli, treasurer.

Spring officers were Judie Russi, president; Poppy Sweeney, vice president; Carol Krieger, secretary; Jacquie Bogue, treasurer; and Phyllis Cloonan, rush chairman.

INTER- FRATERNITY COUNCIL

The Inter-Fraternity Council is the governing body of the fraternities, is composed of representatives of the various fraternities, and assumes responsibility for all legislative, judicial, and executive matters that concern the fraternities.

An executive committee handles matters of I.F.C. policy and prepares the agenda for the Council business meetings. Violations detrimental to the fraternity system, when brought to the Council's attention, are referred to the Judicial Committee which is made up of the presidents of each fraternity. This committee reports its findings and makes recommendations to the Council for disciplinary action.

The Council legislates and enforces the rules governing rushing and pledging, and carries on its business matters through the Associate Dean of Students.

The I.F.C. feels that an interest in fraternities and the strengthening of the fraternity system will support the educational ideals of S. F. State College.

The Women's Recreation Association was formed to further interest in sports activities and to meet new people and make new friends with the same interests.

It is sponsored by the department of Health, Physical Education, and Recreation.

W.R.A. provides activities for more than 250 women students each semester. This year it sponsored a high school play day, a bay area sports day, a general meeting, a dance symposium, a banquet, and a junior college sports day.

WESLEY STUDENT FELLOWSHIP

Wesley Student Fellowship has completed its third year on campus as a Methodist student organization. Primary aim of the organization is to provide fun, fellowship, and spiritual enlightenment to all students of the college.

Meetings were held each Tuesday afternoon. During the spring months, four discussion groups were conducted. Once each month the groups met to hear a faculty member, a theologian, or a layman discuss a problem of Christian concern.

Other highlights of the year included a week-long snow retreat in Tuolumne County, two work projects, various parties and field trips, and conferences at Redlands University and Mission Springs.

A steering committee directs the group activities. Fall chairman was William Moon while Kay Gentles took the chair during spring semester.

When Alpha Zeta Sigma was organized on the campus in 1949 it was primarily an athletic group. It has now become a social fraternity, with accent upon scholastic achievement and student government as well as athletics.

Jim Sochar, Little All-American, and George Wehner represent the fraternity on the football team. They follow brothers Murray Duncan, now a professional, and Floyd Peters. Intramural football is a big activity, and extramural football has been initiated with Sacramento State on an annual exchange basis.

A Mardi Gras dance with Bib 'n' Tucker, a tenth anniversary reunion, and a Spring picnic with Kappa Omega were the main activities this year, along with the usual exchanges with sororities and the publication of the A.Z.S. Times, a literary humor bi-weekly.

Alpha Zeta Sigma is in the process of affiliating with a national fraternity. Officers for the Spring semester are Johnny Schmidt, president, Hal Camicia, vice president; Phil Palen, treasurer; Chuck Johnson, recording secretary; Dick Logan, corresponding secretary; Frank Davis, sergeant-at-arms; Bill Ferrari, historian; and Steve Gehre, pledge master. Dr. George Gibson is the sponsor.

A.F.R.O.T.C.

The A.F.R.O.T.C. is a course designed to train college educated students for a commissioned career in the United States Air Force, primarily for duty as a pilot or a navigator. Members study subjects related to airpower-airplanes, weapons, strategy-navigation, meteorology-geography, and management-leadership.

Under existing regulations the freshman Air Force R.O.T.C. student, after a period of observation, may be deferred from selective service call throughout his college career, provided that during those four years, he continues to meet the high academic and military standards expected of a potential officer.

As a normal offering of the college, two units of credit for basic and four units of credit for advanced training are given.

Activities of the organization include the Military Ball, Drill Team, "Singing Cadets," Rifle Team, athletics, Arnold Air, and many leadership activities.

ANGEL FLIGHT

The Angel Flight of S. F. State was formed in September 1958. It consists of a group of girls interested in the A.F.R.O.T.C., with the purposes of promoting better relations among the corps of cadets, advancing and promoting interest in the Air Force, acting as official hostesses for the A.F.R.O.T.C., aiding in the social activities of the corps, and serving as a campus service organization. To qualify for this honorary organization, a girl must be a regular student, at least a second semester freshman, and have attained a grade point average of 2.4 or better in the semester preceding her nomination.

DELTA PHI GAMMA

Delta Phi Gamma was founded in 1948 for the following purposes: The development of character, the furthering of scholastic interest, the promotion of friendship, and the diffusion of liberal culture.

The Delta Phi Gammas are active socially. The Fall semester is set off by the annual "Night in Wonderland" dance given in conjunction with its sister sorority, Alpha Chi Alpha. The Spring semester includes an annual alumni dinner dance, and many sorority exchanges, parties, and formal initiation banquets are held during both semesters.

The fraternity is proud of its Mother's Club, which has contributed much to the organization through help and advice whenever it is needed.

CAHPER

The student unit of California Association of Health, Physical Education, and Recreation became an on campus organization in 1957, with Dr. Blanche Drury as sponsor. Dr. Drury continues as sponsor along with Dr. William Harkness.

Cahper encourages a professional attitude for major students in this field through meetings, conferences and workshops, and disseminates information concerning health, P. E., and recreation.

Cahper has devoted several meetings to reports from Europe and Asia. A skin diving demonstration was held to promote water safety. This year's activities also included a successful barn dance and cookie sales at the basketball games. A synchronized swimming demonstration and a trampoline demonstration are planned for the future.

Its purpose is, in part, to unite students of Christian Science in bonds of Christian fellowship, and to make available to all students and faculty members opportunities to gain a better understanding of Christian Science.

Weekly testimony meetings which were open to the campus public were held at the Stonestown Y.M.C.A. A reception for students and faculty was given at the beginning of each semester. A free lecture by a member of the Christian Science Board of Lectureship was given in the Spring.

Delta Sigma Nu is affiliated with the California and American Home Economics Association. At the beginning of each new semester, all students taking home economics classes are welcomed to a potluck supper.

A display of holiday ideas celebrates the Christmas season. At a Spring fashion show, clothes created in the clothing classes are modeled by members. Delta Sigma Nu invites high school students to S. F. State on field trips to the home economics classes and the State campus.

Field trips are also held for club members to business organizations concerned with home products and education. Through other club activities, professional growth is fostered, along with encouragement of teamwork among members and cooperation with the other clubs — statewide and national. Delta Sigma Nu also participates actively in the annual state convention.

The Newman Club is the center of Catholic life for students attending San Francisco State College. Its aims are religious, educational, and social.

Means are provided to develop the personal religious life of the Catholic student. Two communion breakfasts are held each semester, and there is an annual retreat. On Cardinal Newman Day the club is host for other clubs in the province, and holds many religious observances for its members. Talks on religion and philosophy are held, with guest speakers, and the club provides Christmas baskets for the needy.

Among the social activities of the club are an annual banquet, spaghetti feed, sports night, open house, dance, Christmas party, ski trip, Hallowe'en party, picnic, hay ride, skating party, pee wee golf parties, bowling parties, and a skit night. The club also participates in the homecoming parade float contest and the queen contest.

SIGMA PI SIGMA

Sigma Pi Sigma was organized in 1936 by charter president George Fenimen. It is composed of members from all phases of campus life, without stress on any one department or activity. Members of Sigma Pi Sigma have served as student body president in 1940, 1942, 1955, and 1956. Traditions are an annual "Hawaiian Ball" and the choosing of a "Sweetheart of Sigma Pi." This "Sweetheart" was chosen as Homecoming Queen in 1957 and 1958. This fraternity has members participating in all the sports, and has never lost the annual "Toilet Bowl" game held in Cox Stadium against Delta Gamma Tau. Water polo and track are also special athletic interests of Sigma Pi Sigma.

The Beaver Society of America, formed for the prevention of cruelty to beavers, was started on campus in June, 1956, by Mike Mahn. The original membership of thirty men was sponsored by Dr. Williams.

Dr. Ray Kelch is the present sponsor, and the club continues to promote understanding of these furry animals by holding sporadic meetings, foraging into wooded areas and building dams. It is planned to expand the membership by the addition of more students with interests along these same lines.

BEAVER SOCIETY OF AMERICA

INTERNATIONAL RELATIONS CLUB

The main objectives of the International Relations Club are to encourage participation in campus activities, to develop broad social relationships, and to become acquainted with global problems.

Understanding of international relationships is increased by lectures on communism, world religions, and subjects of immediate political interest, and also through radio programs and a newsletter. The club was transportation headquarters for the national Association of International Relations Clubs conference held at Asilomar and won third place in program competition.

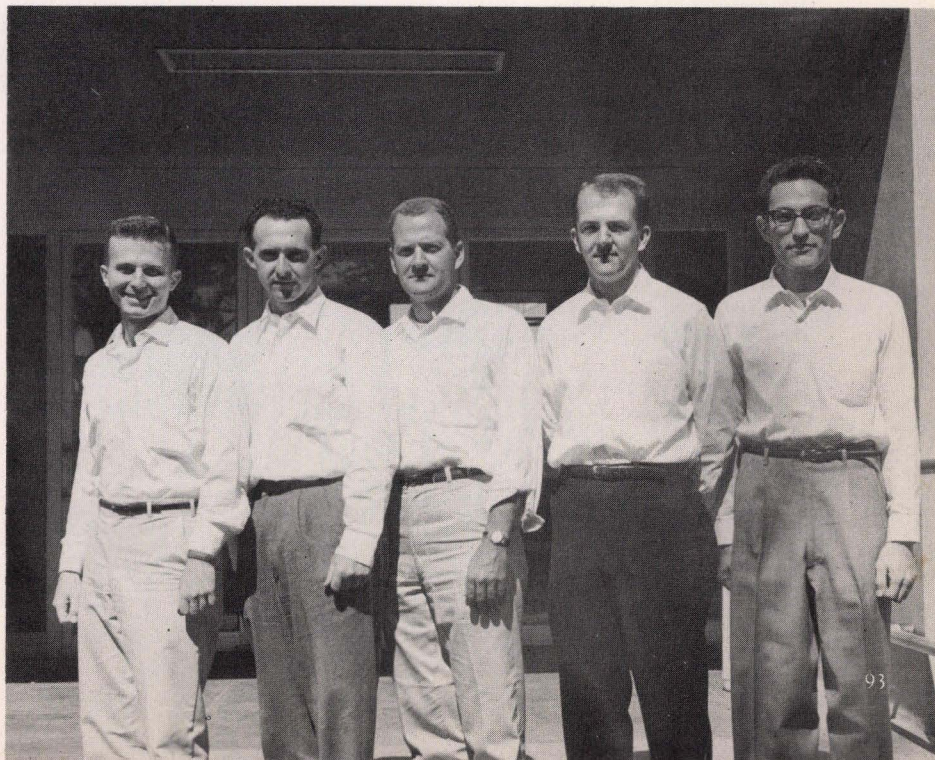

A speaker of unique historical importance was sponsored by the club this Spring. He was Alexander Kerensky, former premier of Russia, its only democratic ruler, and leader of the second provisional government, which was overthrown by the Bolshevik revolution under Lenin.

SIGMA ALPHA ETA

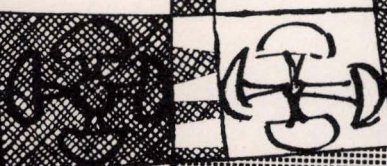

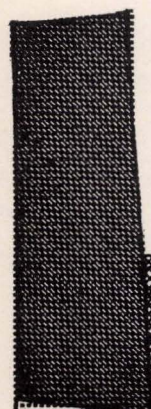

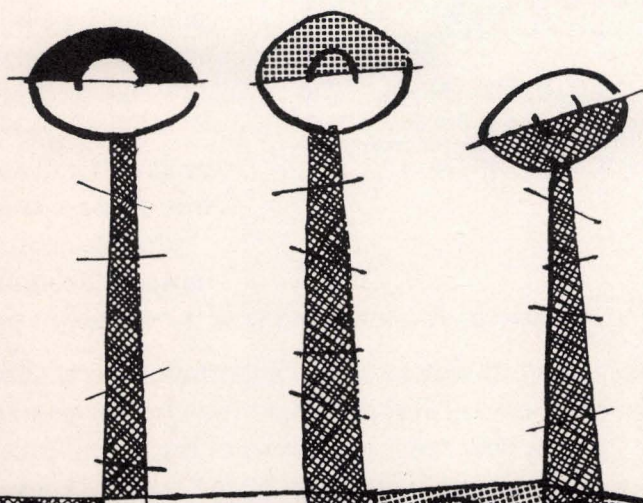

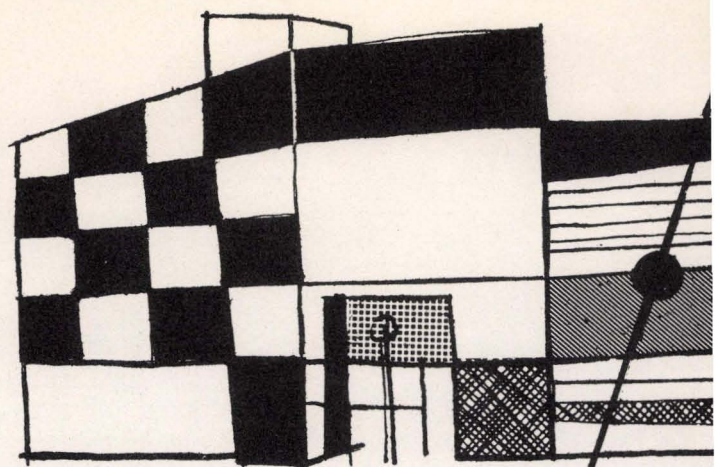

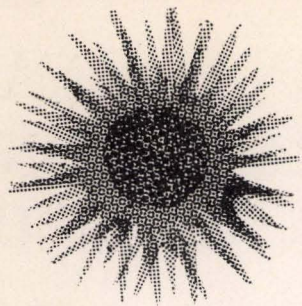

Sigma Alpha Eta is the men's upper-division honor fraternity. Since its beginning in 1938 Sigma Alpha Eta has as one of its purposes sought to promote high standards of student activity, scholarship, and leadership at S. F. State. By giving recognition to outstanding students in those areas and by giving student scholarships, it has helped to achieve that purpose.

THE COMMONS

The Commons, the newly named cafeteria building, consists of the main dining room, the Redwood Room, the faculty dining room, and several small dining rooms. The Christmas Dinner, the Authors' Luncheon, and the Commencement Buffet are among the events held there throughout the year. The Commons operates through the State College Foundation under the direction of the Board of Directors.

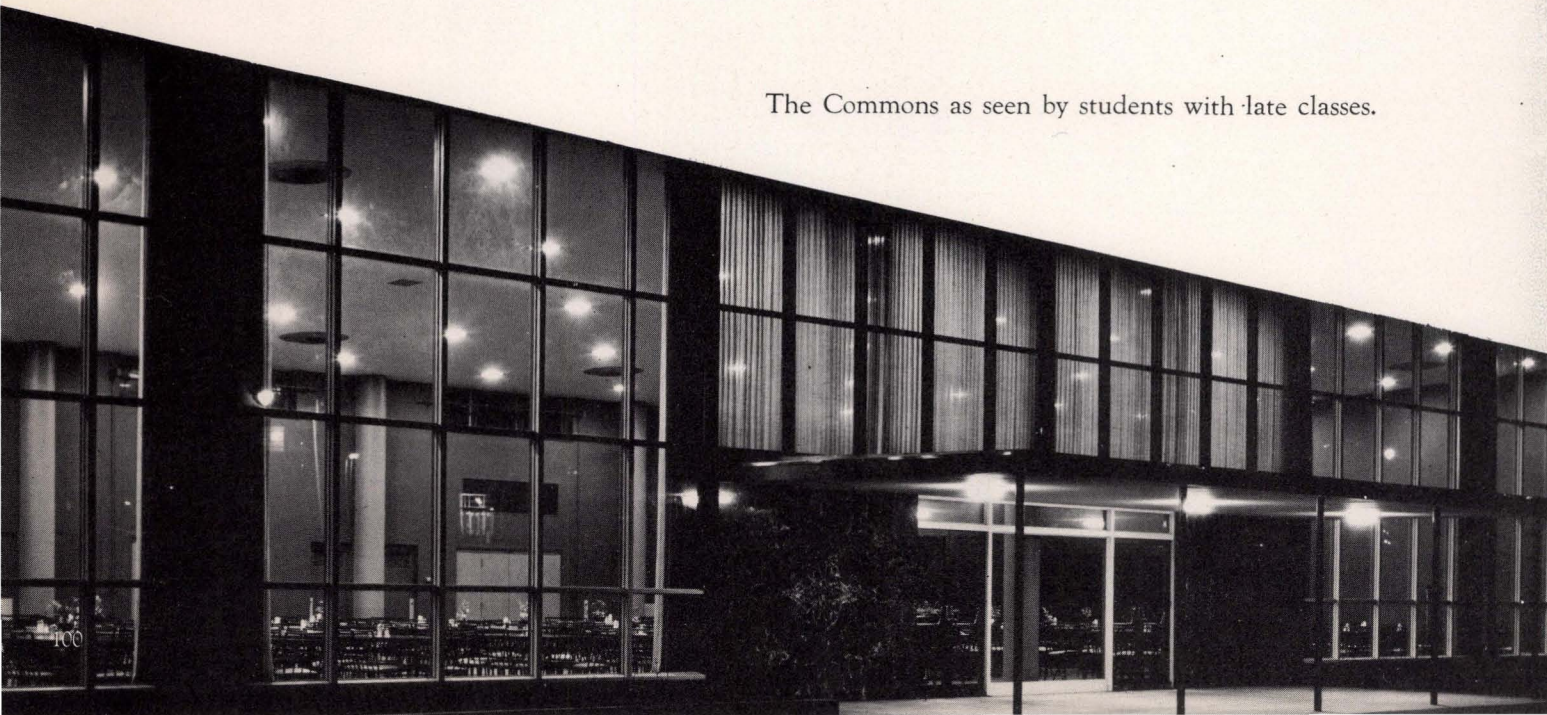

Each year a buffet luncheon is held after Commencement for graduates and their families.

REDWOOD ROOM AND TUB

The Redwood Room and the Tub are two favorite spots on campus. The Redwood Room specializes in short orders and is frequented mostly by members of our campus organizations. The Tub is new this year. Everything from hot spaghetti to cold soda is served from food dispensers for people in a hurry. There is an outside dining area adjoining the Tub.

STYLE SERVICE

The Style Service is located in the Arts and Industries building. It is maintained by the college to advise students on proper campus attire and wardrobe planning. Director Evelyn Erickson and her staff tackle such problems as planning a wardrobe on a limited budget and by using some of many material samples they are able to get the effect of different color and texture combinations on the students.

BLOOD DRIVE

The San Francisco State College All-Campus Blood Bank began as an effort to help a hemophiliac student, James Garner, in 1954, and has grown into an all-campus function which was formally established in the Fall of 1957.

The Bank is open to all students, faculty, and staff of the college and members of their immediate families. They are not required to be donors nor are they obligated to replace credits to be eligible to use the blood reserves. This is due to the response of the campus community to the two drives held so far in February 1958 and in September 1958.

Since February 1958, forty-four pints have been dispensed. These pints assisted in a wide range of cases, such as: filling a circulating machine which duplicates heart action during a heart operation, and replacing blood lost by a child who suffered first degree burns from the waist down.

The Blood Drive has become a permanent campus service which benefits its entire community.

The organizations who served to make the September 1958 drive a success are: Arnold Air Society, *publicity*; Art Club, *posters*; Creative Arts workshop, *quota bottle*; Golden Gater, *newspaper coverage*; Kappa Theta, *canteen*, Newman Club, *appointment book*; Radio-TV Guild, *publicity*; Social Work Club, *coordinator*; and Student Nurses Association, *registration table*.

The groups and organizations who donated in the September 1958 drive are:

A.F.R.O.T.C., *highest proportion of donors*; Delta Gamma Tau, Faculty of San Francisco State College, Kappa Theta, Newman Club, Sigma Pi Sigma, Social Work Club, Staff of San Francisco State College, and Students of San Francisco State College.

The A.F.R.O.T.C. had the highest proportion of donors in the September 1958 drive.

BUILDINGS AND GROUNDS

Mr. William Charleston
Chief of Maintenance

The office of Buildings and Grounds, though an unfamiliar sight to the average student, houses one of State's most important service departments.

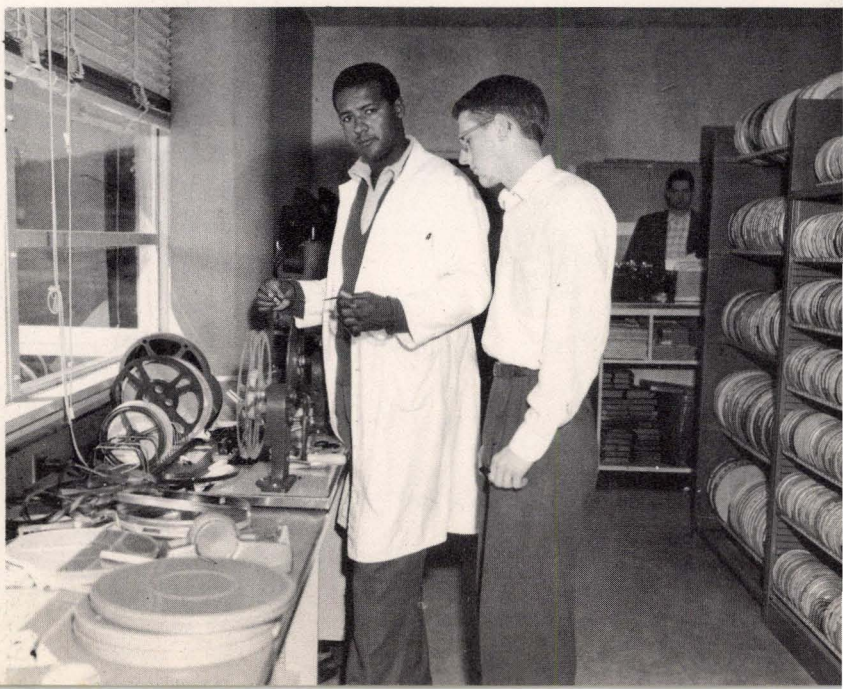

One of the most important services on campus is the Buildings and Grounds department. Capable men and women, under the direction of Chief of Maintenance, William Charleston, take care of cleaning, interior painting, repairing, minor construction, and heating the buildings. Out side they work constantly to maintain the beautiful grounds around our campus.

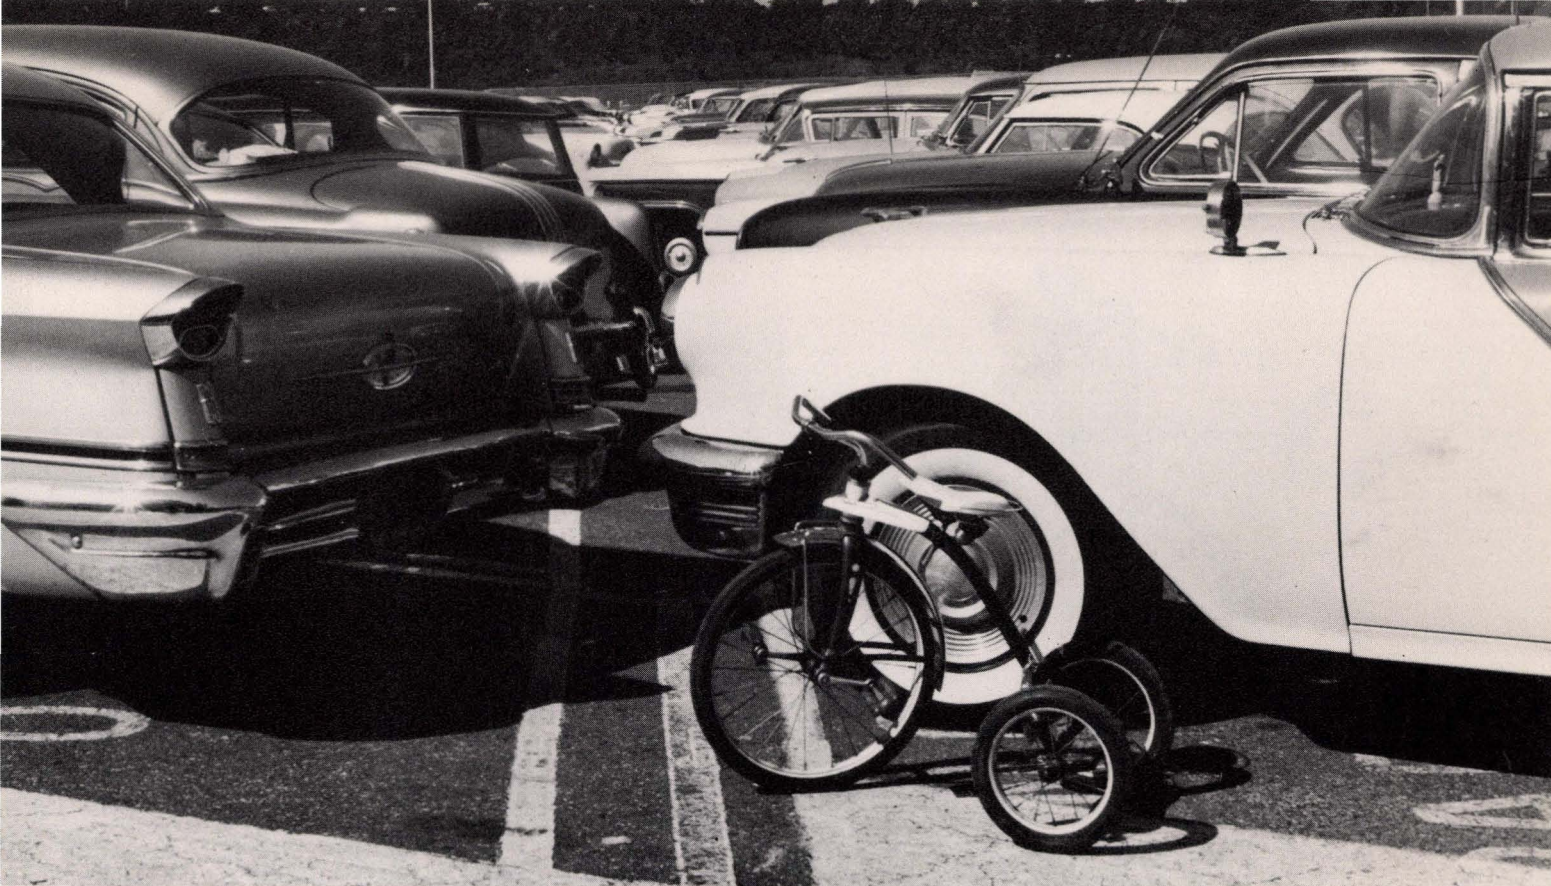

AUDIO-VISUAL

The Audio-Visual Department, under the direction of Orville Goldner, handles the film service on campus.

It provides equipment ranging from projectors and film to tape recorders and tape for instructors. They also maintain a crew of able film projectionists.

The Audio-Visual department edits films for use in classes.

Well, there's less of it to park !!

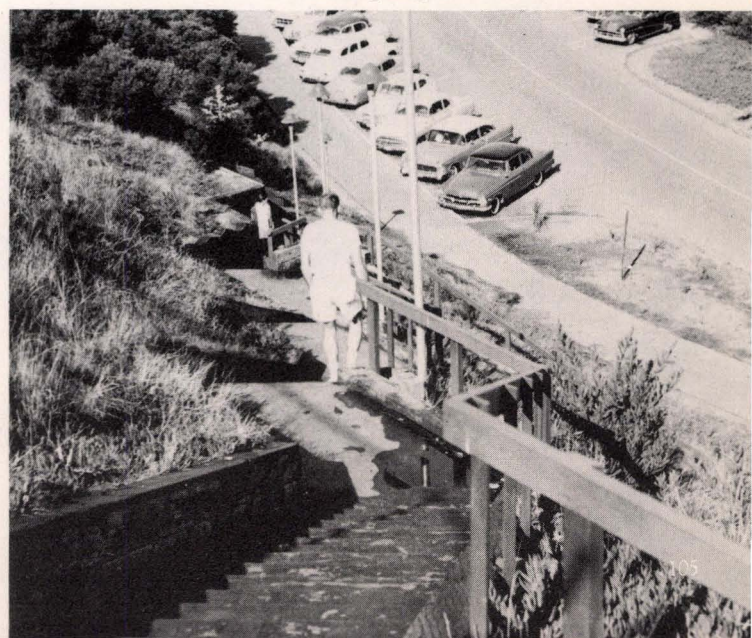

THE PIT

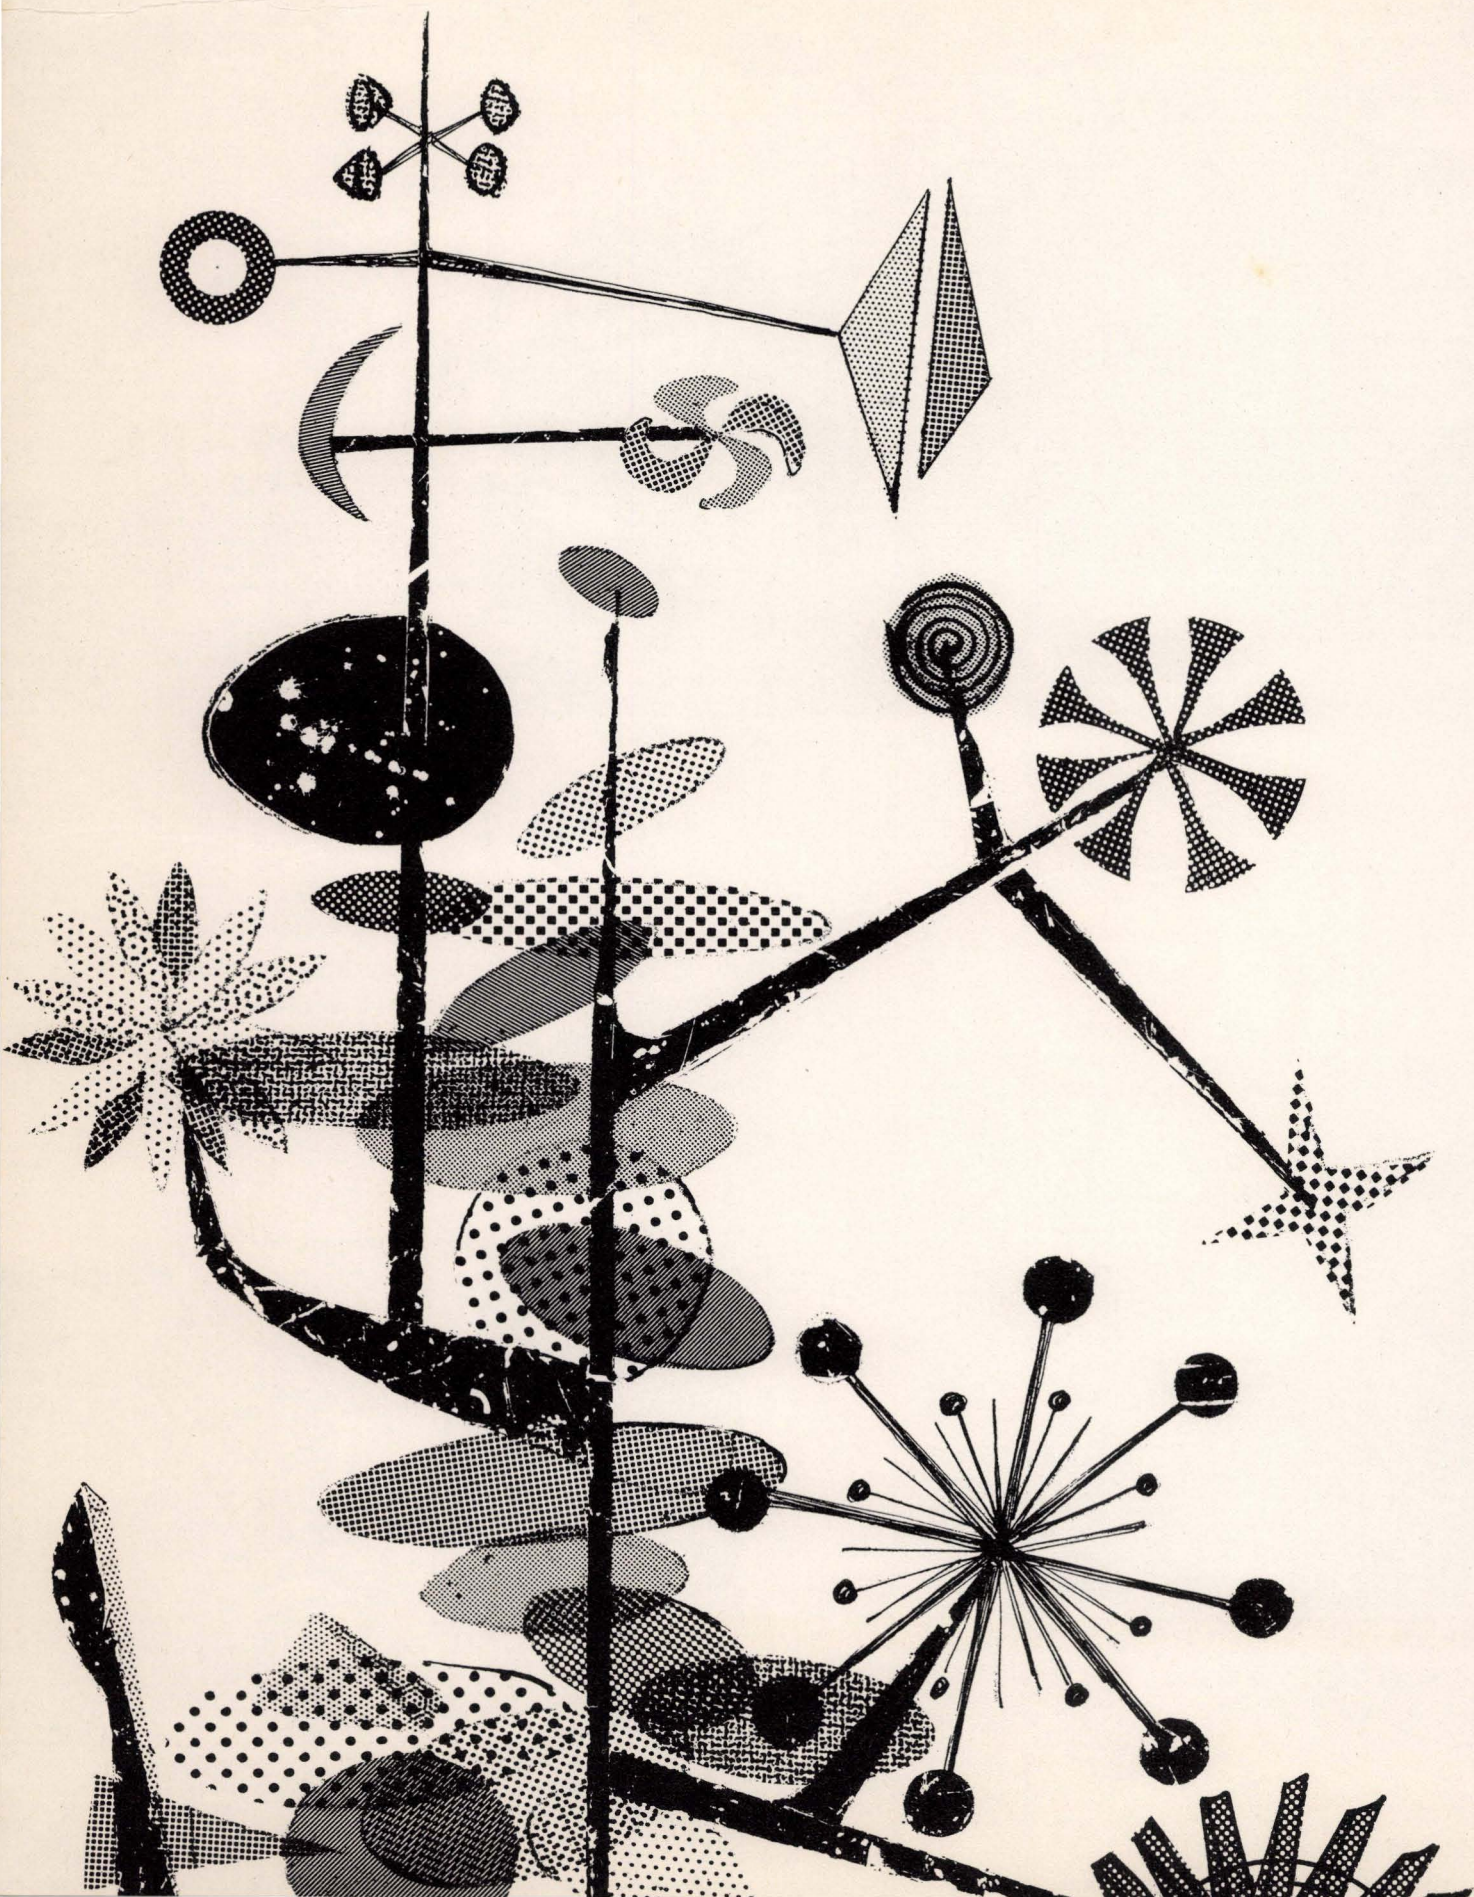

The student parking lot, better known as "the Pit," is located on the northwest side of the campus. At one time a slough, it was drained, filled, and paved and now can accommodate 900 automobiles.

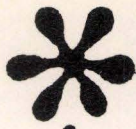

Let's face it, it's crowded !!

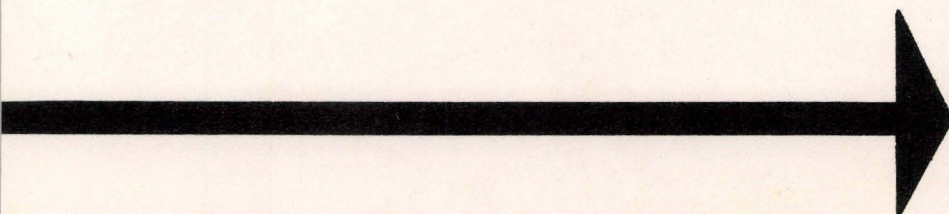

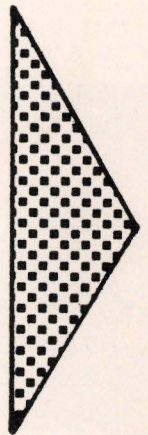

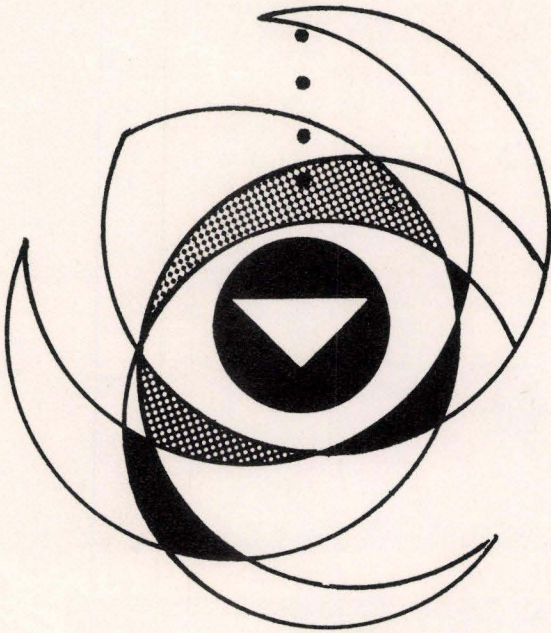

It's easier going down !!

CREATIVE ARTS

BUS STOP

William Inge's "Bus Stop" combined comedy with pathos in the first production of the Drama season. Dan Lynch, Carol Mann, Pat Sparks, Irving Israel, Bobbie Callahan, Dave Crommie, Dick Bird, and Bob Adams were the members of the cast who spent a revealing night trapped by a blizzard in a small midwest diner. Dale Mackley directed the play.

BILLY BUDD

"Billy Budd," Melville's last masterpiece, opened in November. Dr. J. Fenton McKenna, head of the drama department, directed John Cretan, Stuart Gedes, Geoffrey Lardner, Gordon Townsend, and John Moskoff in the tragedy set stark against the forces of corruption, agony, and truth.

PAJAMA GAME

The bouncy musical, "Pajama Game" filled the main theatre with tunes from the pajama factory in December. The Broadway musical, based on a novel by Richard Bissel was under the direction of Clarence Miller and included a singing and dancing ensemble as well as the college orchestra. Starring in the musical were Alan Berman, Harry Grilley, Larry Vincent, Doyle Newberry, John Keller, Dave Motroni, Cliff Rivers, Rhoda Cohan, Diane Berman, Shirley Wilson, and Pat Abraham.

THE HOUSE OF BERNARDA ALBA

Garcia Lorca's realistic "House of Bernarda Alba" was the February production of an all female cast. The tragedy, which deals with the dying Spanish conventions, was directed by Jack Cook and starred Madalyn Terstage, Bella Edidin, Sally Egbert, Marcia Taylor, Sandra Doebert, Karen Perlman, Eleanor Stoltz, Joan Mudgett, and Barbara Gallo.

THE DUENNA

The United States premiere of Serge Prokoffieff's opera, "The Duenna," was the April production of the drama department.

The scintillating comedy of Restoration Manners starred Harriet Fogerson, Gertrude Carlisle, Patricia Abraham, Fay Steinberg, Shirley Wilson, Henry McGuckin, Robert Klang, Roy Burt, Conrad Walla, John Land, and Alan Cathcart. The opera was under the direction of Rue Knapp.

CHILDREN'S THEATER

Children's Theater presents plays for children's audiences using college students as actors. The purpose of these presentations is to give children the experience of seeing live stage shows.

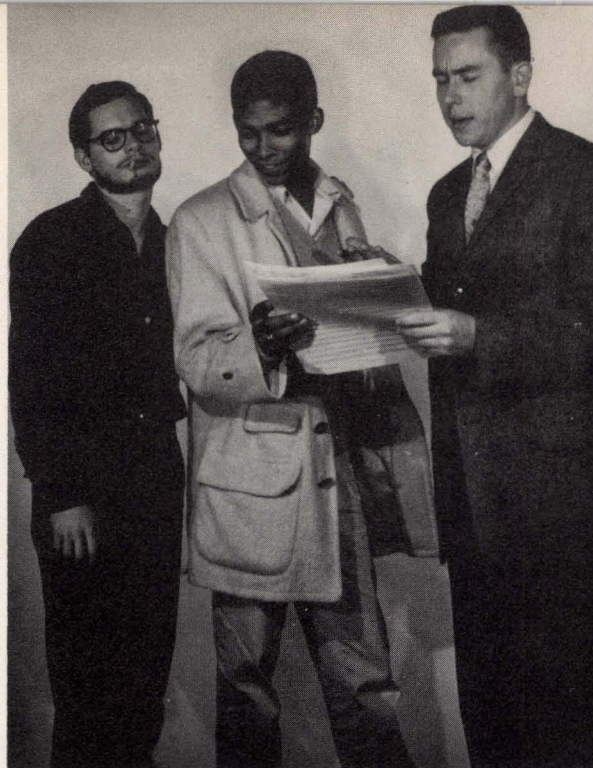

An active program in Creative Dramatics gives children from the campus school an opportunity to express themselves through drama.

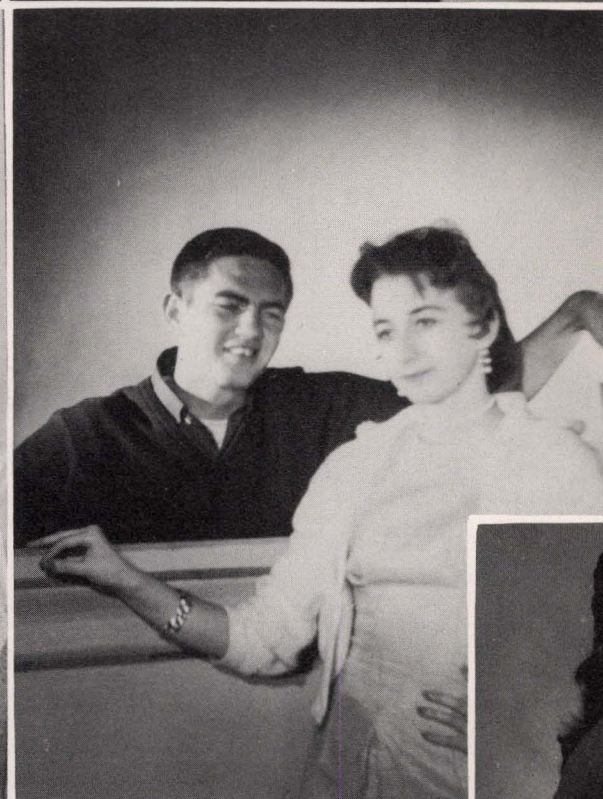

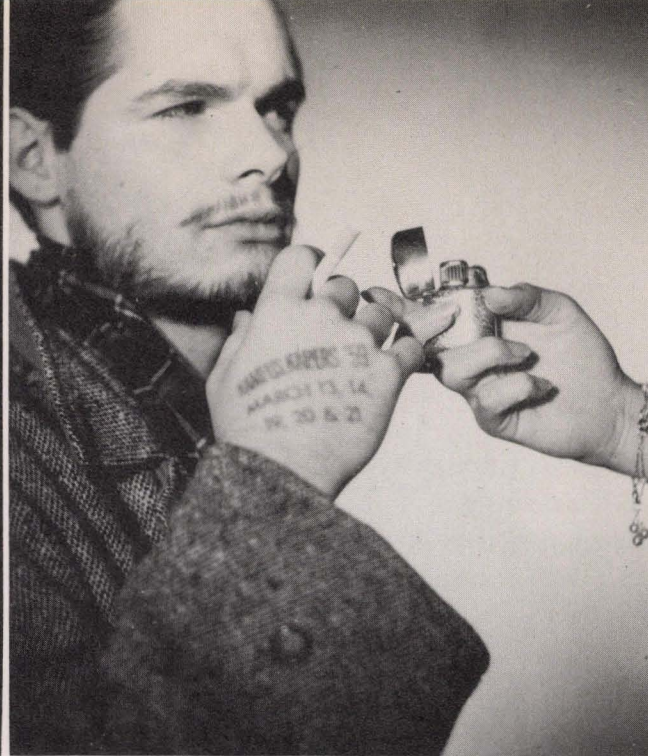

This year *The Magic Ring*, *Simple Simon*, and *Winnie the Pooh* were presented.

Faculty directors, headed by John Martin, are Dale Mackley, Corleen Hanmond, and Jean Bertram.

KAMPUS KAPERS

"Kampus Kapers '59," the review written, directed, musically scored, and performed by S. F. State students, filled the main auditorium for six nights during March. Merrill Malkerson and Fred Olson were the producing directors of the show which had "San Francisco" as its theme. The show contained some 20 numbers which ranged in scope from a wacky, wild, and wonderful modern dance satire, "Portals of the Past," to the beautiful ballad, "But Where Is Love?" The original musical review was assisted by the Kapers orchestra and a large cast of singers and dancers. A few of the many stars in the production were Neva Aki, Alan Berman, Steve Jones, Dick Bird, Irving Israel, Bob Darling, Cliff Rivers, Diane Berman, Betty Reed, and Zita Schwab.

The A Cappella Choir celebrated its 25th anniversary at S. F. State this year. In honor of the occasion, the group toured many Bay Area colleges and high schools presenting assemblies and concerts, and conducting choral clinics.

Dr. John Tegnell, present conductor, succeeded Ray Freburg who was the founder and original conductor of the Choir. Dr. Tegnell's assistant director was Otto Mieleniz.

Scott Hayes served as president of the group during the past year.

A CAPELLA CHOIR

STRING ORCHESTRA

The String Orchestra is a separate instrumental activity of the Creative Arts department. Under the direction of Mr. Walter Haderer, the group presents a noon concert twice each academic year. This orchestra provides an excellent opportunity for string players to work exclusively with string literature.

Two activities have been upper-most in the minds of members of the S. F. State Symphony Orchestra. During the past year, the orchestra has presented a fall and spring concert and provided the instrumental accompaniment for our college opera, "The Duenna."

Earl Bernard Murray is conductor of the orchestra. When not on campus, Mr. Murray is associate conductor of the San Francisco Symphony Orchestra. Mr. Walter Haderer is the assistant conductor.

SYMPHONY ORCHESTRA

SYMPHONIC BAND

As usual, this year found the Symphonic Band busy presenting concerts both on and off campus. During the spring semester, the Band held concerts in several Bay Area communities. On campus, there were two formal concerts as well as the informal concerts on the lawn of the Commons.

The year also found a greatly expanded band program. Director Edwin Kruth formed two organizations known as the Symphonic Band and the Concert Band.

In addition to the regular band program, there has been a dance band and special band to play for Kampus Kapers. Charles Martyn, a graduate of the college, is assistant conductor.

The main purpose of S. F. State's Radio-TV Guild is to provide actual experience for those interested in various branches of radio-tv work.

The Guild broadcasts a daily hour show consisting of music, news, and interviews with many stars appearing in the Bay Area. It also presents "Campus Melodies," a daily hour of music for lunching students.

The eighty members of the Guild have parties and an annual banquet and conference for students and industrial leaders. Dave Horwitz served as president.

T. V.

The Radio-TV Department has had a very busy year. Under the leadership of Dr. Alfred Sumner, it produced an eleven week television series entitled "Hot Spot" on KPIX. The most important "hot spot" of the week was discussed on the Sunday afternoon program.

The department also presented a twenty-four week series of disc jockey programs on KSFO. A television credit class was offered in Astronomy and Outer Space.

POETRY CENTER

The *Poetry Center* was organized in 1953 by Professor Ruth Witt-Diamant, the director. Since that time it has grown to such proportions that it now has as an assistant director, Miss Ida Hodes, and depends for many necessary services on student volunteers. It has achieved international recognition as a meeting-ground for traditional as well as non-traditional poetry, where the youngest, no less than the most distinguished voice of our time are assured of listeners. *Poetry Center* workshops, always led by established poets, have brought talented writers to the Bay Area, and the *Center* functions as the hub of literary activity for the entire West Coast.

Homecoming Week at State has become a traditional week filled with extensive activities climaxing with a football game played on the afternoon of the last day. A new addition this year was a perpetual jeweled crown which will be presented to the reigning queen each year. Highlights of the homecoming activities included the queen contest car parade, Homecoming rally featuring the crowning of Homecoming Queen, the Homecoming parade and dance.

FROSH CAMP

Frosh Camp is an integrated part of the Orientation-Registration process and is designed to aid the entering freshmen in becoming better acquainted with their new school. It is held annually at Asilomar, and the program consists of assemblies and discussion groups led by counselors who are student leaders on the San Francisco State College campus. The freshmen learn what courses to take, how to register, study, dress, take notes, and in general how to become an intelligent and interested student on the campus. The Frosh Camp program also includes fun and exercise designed to interest the students in the many areas of college life while being exposed to the workings of all the departments and divisions as well as student government. The highlight of this year's camp was a Skit Night where groups of freshmen presented some of the finest skits that the Camp has ever seen.

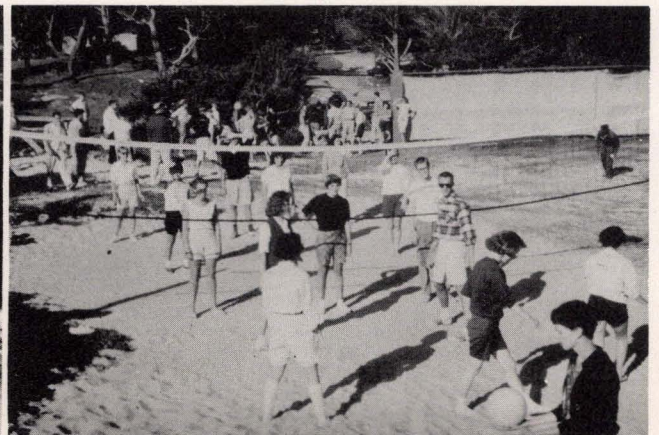

The success of Frosh Camp, directed by Gloria Berman, might be summed up in a statement made by one of the freshmen, "Frosh Camp was the transition that I needed to prepare me for college life. I will never forget it, and I will always be grateful for it."

ORIENTATION- REGISTRATION BOARD

Registration is hell, but without Director Art Elkin and his able student staff, it would be worse. At no other college is such a responsibility handled by students as this at State. Here, starting with the ever-to-be-remembered Freshman Camp at Asilomar, continuing with the diversified orientation program for all new students, and ending when the last limited student is registered and the last class is closed, experienced students help and teach their comrades the ins and outs and the ways about college.

GATOR CAMP

The first annual Gator Camp was held at Sonoma Mission Inn last November for student leaders, organization presidents, publications officers, and interested students.

The Camp was attended by over eighty delegates who discussed problems of communication on campus, representation in student government, and many other important campus questions.

The Director of Gator Camp was Don Livingston, and his committee consisted of Bob Edington, Sub-committee Chairman; Alda Caggiano, Publicity; Bob Michels, Arrangements; Jim Norton, Recreation; Jo Ann Hendricks, Sunday Agenda; and Arline Emanuel, Saturday Agenda.

WHO'S WHO

Who's Who Among Students in American Universities and Colleges recognizes students from over 700 colleges. All nominees must maintain an above average Grade Point and show positive leadership in at least three campus activities. This year twenty-two students from San Francisco State College were recognized for this honor.

WATER POLO

The Gator water poloists ended their season by winning two titles in a single game. It was an 8-7 thriller against Arden Hills. Both teams had but one defeat in conference play and were tied for the title. With the victory, the Gators swept the Pacific Athletic Association (AAU) tournament in four straight games and won the Northern California Water Polo Championship for the second successive year.

SWIMMING

In Coach William Phillips' last season, the Gator swimmers have gone all out to break S. F. State's record, with seven records falling in the first five meets.

Team Captain Mike Milliman has led the record breakers by setting new standards in the 100 and 200-yard backstroke and as lead-off man in the Medley Relay. The other record breakers, all members of the medley team, are: Paul Aehnlich in the 100-yard butterfly and the 440-yard freestyle, Gary Boundy in the 100-yard freestyle, and George Scott in the 100-yard breast stroke.

As we go to press, S. F. State's swim team is sporting a five win and no loss record, but the toughest meets are yet to come.

FRANCISCAN EDITOR'S MESSAGE

Now that the final pages of *Franciscan* '59 are being completed, I would like to take this opportunity to give thanks to those people whose help made it possible.

First, special mention goes . . . to Donna Stewart, my very capable managing editor who also did an extra fine job on the senior section (not to mention her moral support and helping hand throughout the book) . . . to Larry Buckels, my photography editor, who not only did a great job on pictures, but also successfully prosecuted our plea for the darkroom we needed so badly . . . to Marian Selby, my organizations editor, whose name is by now very well known to our campus clubs and presidents because of her many notes and phone calls . . . to Diane Mann Walts for business managing us, as well as for her practical advice . . . to Mike Milliman and Alex Soranno, my co-sports editors, for their work and cooperation . . . to all my photographers, who not only were on hand for picture appointments, but also spent so much of their free time nights and weekends in the darkroom . . . to the other members of my staff who were near in times of need and gave more than their share of time and effort. . . . Also thanks . . . to our faculty adviser, Dr. Leo Young . . . to Bill Mortimer and his staff from School Pictures . . . and to Ray Bergman from Wheelwright Lithographing Co.

Sure, we're glad its over, but we admit that this year has been interesting and profitable as well as fun for all of us who worked on *Franciscan* '59. We sincerely hope that you will enjoy reading it as much as we have enjoyed putting it together for you.

FRANCISCAN

The *Franciscan* is the yearbook for S. F. State, recording the year's activities and also the background and history of all of the things that compose campus life.

Over 200 pages of copy, photos, and art work go into its coverage, which includes faculty, administration, divisions, boards, committees, student government, classes, organizations, buildings, services, creative arts, student activities, sports, publications, advertising, and a special section for the Santa Rosa Center.

A staff of 15 to 20 students cover the assignments of editing, copywriting, photography, art work, advertising, publicity, selling, and business management.

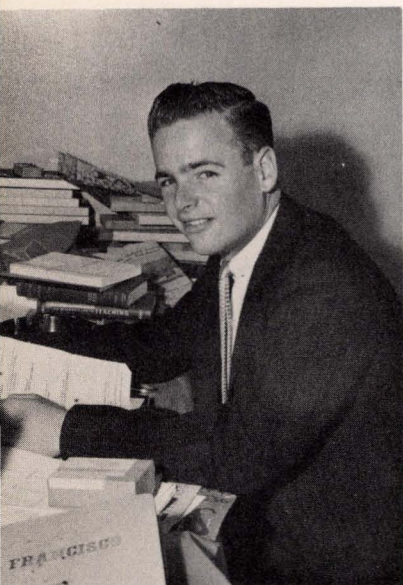

The *Franciscan* represents to each student his participation in the academic and social life of the college, and to its guest readers it offers a panorama of S. F. State and what it is offering in the very broad field of education.

GOLDEN GATER

The *Golden Gater* is to some an annoyance, to some an abomination, and to some an occasional blessing.

Throughout the week the staff covers the campus in the constant struggle to get ALL the news into the twice weekly journal, a reasonably successful effort. To

the casual visitor, the *Gater* office ordinarily presents a scene of mass confusion as harried editors harrass harried reporters and copy readers with insatiable demands for greater efforts. The vast white spaces of the dummy sheets gradually fill with news, comment, and pictures until there is not room for one more line. The results of the efforts of some 25 people are bundled off to the printer as the whole cycle begins again, to continue through the school year, the staff always aware that the sun rises every Wednesday and Friday morning, and that the *Gater* had better appear on campus at just about the same time.

TRANSFER

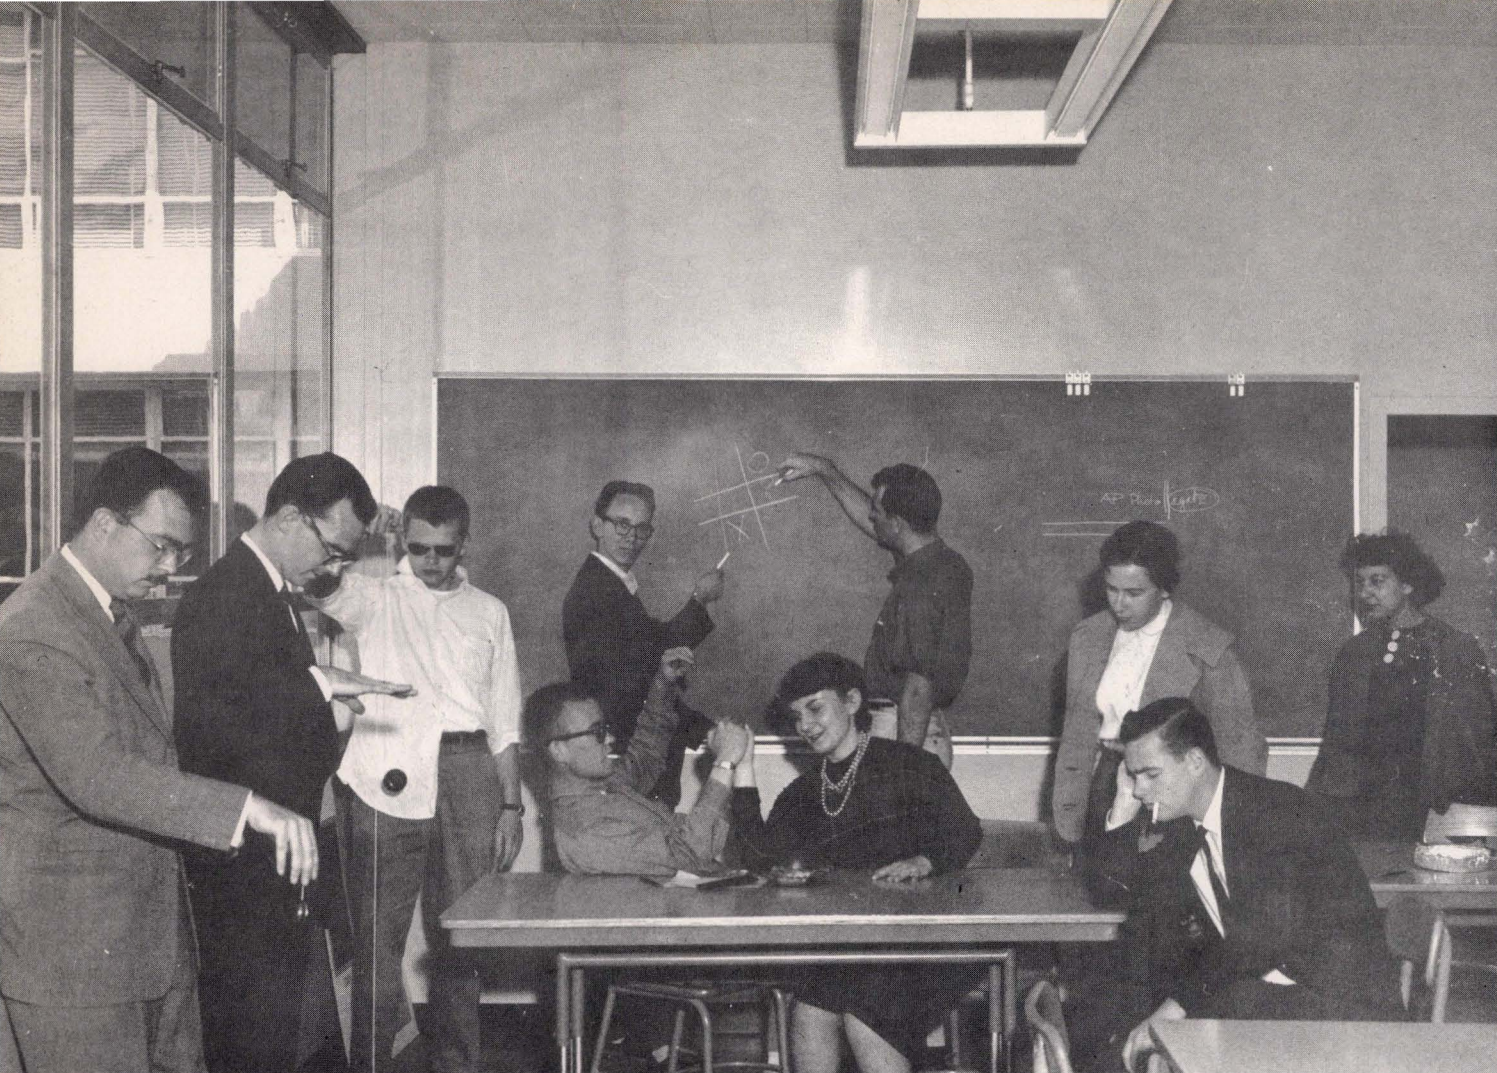

Transfer, S. F. State's semi-annual literature-art-philosophy magazine, has appeared in many exhibits around the country as an example of an outstanding college magazine, and has earned many favorable reviews for its material and make-up.

The editorial board consists of fifteen students and faculty members, and staff work is conducted partly within the framework of a college magazine staff course. The biggest job of the editorial board is making a selection of material, as four or five stories and about twelve poems are finally printed out of about 40 to 50 stories and 150 poems submitted by the students. The artwork becomes form as well as content, its design making *Transfer* itself an art object.

SANTA ROSA CENTER

San Francisco State College — Santa Rosa Center, Santa Rosa, California

THE CENTER

The Santa Rosa Center is an off-campus residence center offering upper division courses leading to bachelor of arts and education degrees and general elementary credentials.

Thirty classes and seven seminars for student teachers, teachers, and interns were provided by the faculty of nine full-time and three part-time instructors for some 225 students during the Spring semester.

The Center offers the special advantages of a small college. Relatively small classes permit teachers to give more personal attention to the individual student's work.

During the Spring term, student ages ranged from twenty to fifty-seven, the average age being thirty-three. One third of the students were forty years of age or over, a third were from thirty to forty, and a third from twenty to thirty.

Left to Right, Row One: Helen Janssen, registrar; George McCabe, director; Barbara Biebudh, librarian, Diodato Bizzi, Dorothea Hinman, Wright Putney, Herbert Fougner, Gordon Tappan, Cheryl Peterson, Eldoris Wood, Dorothy Overly, and Hobart Thomas.

DIRECTOR'S MESSAGE

George E. McCabe
Director

We of the faculty consider ourselves fortunate to be associated with an educational undertaking which is as unique in this era of mass education as is the Santa Rosa Center. The faculty is able to extend its best wishes to the Class of 1959 with the feeling that it is a personal message to each of you — because in the past two years we feel we've come to know you well. You can be sure that we shall continue to be interested in you, and your progress.

SPECIAL PROGRAMS

Under the Internship Program a limited number of specially selected students are employed by cooperating school districts as teaching interns during their senior year. Each group of three interns are under the leadership of a supervisor employed by the district and the faculty of the college.

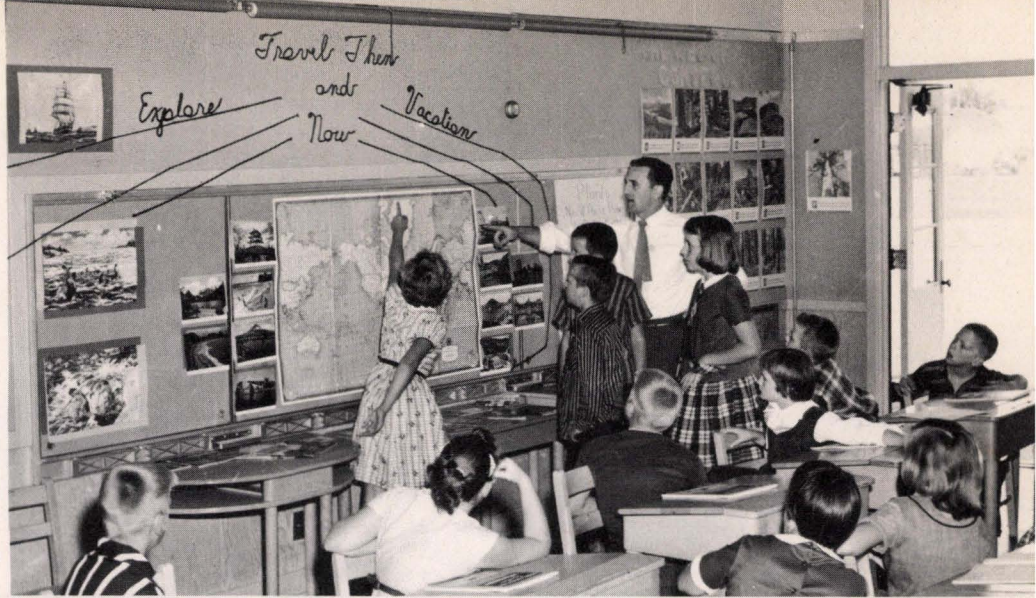

The Summer Workshop presents a setting outside the school where students, together with children and parents, explore interests in many fields.

The Saturday Morning Workshop permits students to meet with children in a class situation and explore together a variety of art media. No student is responsible for more than five or six children, making for an intimate creative experience.

Classes frequently convene under a great spreading oak tree on the patio at the rear of the building, with teachers and students seated around redwood tables. In the classrooms in the building, students sit at tables arranged in a square or U-shape, an environment which stimulates free participation in class discussions.

STUDENT ACTIVITIES

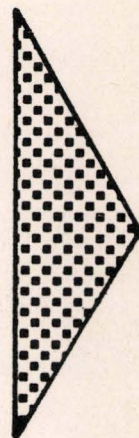

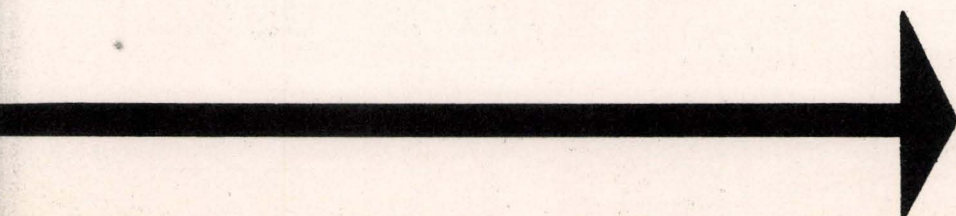

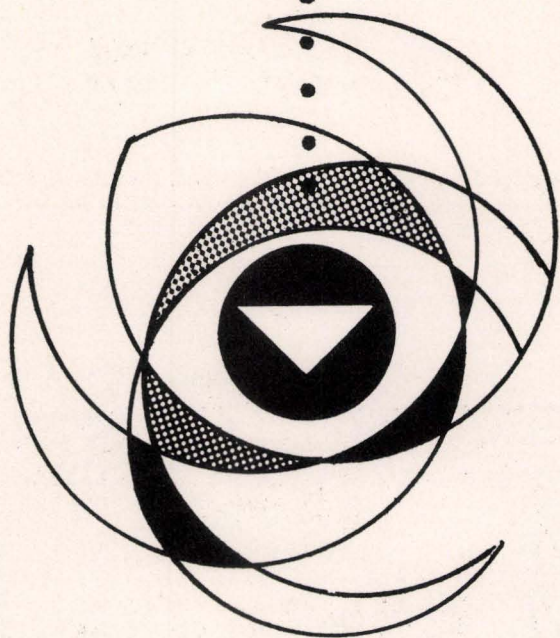

Included in the year's social activities were dances, guest speakers, and picnics. The Center's C.S.T.A. chapter and Senate, faculty, students and friends group had several interesting speakers. The Christmas formal and the Mad Hatter were two of the outstanding dances. Chess and table tennis found many an ardent devotee.
