"Sacramento's Finest Department Store" . . . growing for 66 years

We've seen a great many changes in this community since 1874 . . . and you've seen many changes in us (in the last decade, a fine new building; and, constantly revamping our departments to make shopping more pleasant and convenient). But in certain fundamentals, neither of us has changed. YOU are still delightful customers to serve . . . and WE still earnestly believe in and try to adhere to the principles set down by our founders:

"Were you the merchant and we the customer, we feel there would be no changes in the principles and practices of this house."

MAPS

Every Rural Route in Sacramento County individually mapped with Boxes located.

CLASSIFIED

Businesses, Professions, Churches, and Schools; Dairy-men, Growers, Poultrymen, Stockmen.

PUBLISHER'S NOTE

This, our Second Edition of Sacramento County Rural Directory, is the result of another personal canvass of the territory included. We are confident it will compare more than favorably with the previous issue, as new features have been added, improvements and corrections made, and maps revised to the most recent date possible.

Growth of our community has necessitated many revisions in both City and Rural mail delivery service. City routes have been expanded to relieve Rural carriers in the North Sacramento area as well as in the districts south and east of Sacramento. Two Rural Routes were renumbered entirely, in addition to extensive changes. These items all have demanded careful attention and painstaking effort, and it is the sincere hope of the publishers that the service rendered by our finished product will prove continuously valuable to its users.

Special thanks is due our Advertisers and Subscribers for making the work possible.

California Highway Patrol

Asks Motorists To Observe

CORRECT SIGNALING

HAND AND ARM SIGNALS—

All signals given by hand and arm must be given from the left side of the vehicle in the following manner and shall mean as follows:

a. Left turn - hand and arm extended horizontally beyond the side of the vehicle.

b. Right turn - hand and arm extended upward beyond the side of the vehicle.

c. Stop or sudden slow down - hand and arm extended downward beyond the side of the vehicle.

SIGNALS REQUIRED BEFORE TURNING—

All signals of intention to turn right or left must be given continuously during the last fifty feet traveled by the vehicle before turning.

SIGNALS REQUIRED WHEN STOPPING OR SLOWING—

No person shall stop or suddenly slow down a vehicle on a street or highway without first giving the appropriate signal.

Arm signals are for your protection. Be sure to give them correctly and for at least the full fifty feet required by law.
