Look At Dilatory ^{omicles} Always To Insure Accuracy

In Using the Social Register:

First look up the name in the Locator which will indicate its exact place either in your own or one of the other Social Registers.

The name may be in your own Social Register and yet escape your attention if grouped out of alphabetical order under the head of the family.

If the married name you are seeking has escaped your memory and you can recall the maiden name, reference to the Married Maidens will then indicate the present name.

Consult Dilatory Domiciles for most recent changes.

D^{ictionary}_{and} Locater Insure Accuracy

Social Registers of each city are issued in November and their accuracy throughout the year is maintained by D^{ictionary}_{and} in December and January, and by the Summer Social Register. They record the full names and addresses of members of prominent families grouped together, the clubs to which they belong, and the marriage or death of each person as it may occur.

Names of Juniors {M^{iss}_{es} 12 to 17 } appear under the names of
{M^{rs} 14 to 20 } older members of their families.

THE LOCATER, published in January, is an index to all the Social Registers and is an essential aid in their use because of the many inter-marriages among families in the various cities and the changes of residence from one city to another. It catalogues in alphabetical order every name in all the Social Registers and indicates the head of family under which it may be found in the Social Register in which the name appears.

The names of M^{arried}_{aidens} who have married into families of other cities appear among the M^{arried}_{aidens} of their former city with their present married name and the city of their residence in italics.

The subscription is \$10.00 per annum for this city.

A subscription of \$75.00 will include all the issues for San Francisco, New York, Washington, Philadelphia, Chicago, Boston, St. Louis, Pittsburgh, Cleveland, Cincinnati & Dayton, Baltimore, Buffalo and the Locater.

For \$15.00 the Locater is included with the year's subscription.

To insure the finding of a name in the Social Register look for it first in the Locater.
