VOLNEY W. MASON,

PROVIDENCE, R. I.

MANUFACTURER OF

PATENT FRICTION PULLIES.

ALSO,

PATENT FRICTION COUPLINGS

FOR STARTING MACHINERY WITHOUT SUDDEN SHOCK,

Saving wear and tear of machinery and belting. It is now six years since we first commenced their manufacture and we are able to refer to nearly all our Eastern mechanics and manufacturers who are conversant with their utility, among which are Corliss Steam Engine Co., Providence; Tatham & Brothers, New York City; Smith & Jewell, Brooklyn, N. Y.; Lowell Machine Shop, Lowell, Mass.; Wm. Sellers & Co., Philadelphia, Penn., etc.

Circulars, describing and illustrating them more fully, with prices, &c., sent on application. They are especially useful on heavy machinery, such as for hoisting for Mining purposes, for Flour Mills, Grist Mills, Saw, Mills, Paper Mills, Print Works, Bicahories, in Factories for starting lines of shafting, or stopping without hindrance to motive power, and thousands of places which cannot be enumerated here.

Parties ordering or desiring further information, will please give full description as to size of shaft, diameter and width face required, space occupied, speed to run and power transmitted, &c.

All orders or correspondence will receive prompt attention.

ADDRESS,

VOLNEY W. MASON,

PROVIDENCE, R. I.
