YAMHILL COUNTY. Boundaries—North by Washington, east by Clackamas and Marion, south by Polk, and west by the Coast Range. Area, 750 square miles. Yamhill is rapidly growing into importance; some of the best farming land in the State is to be found in large tracts in this county. "The prairies are gently undulating, and are skirted by groves of the choicest timber." The statistics of mortality show this county to be the healthiest in the State. Numerous water privileges exist, affording sufficient power for an indefinite number of mills, etc., which at no distant day must attract the attention of enterprise and capital. County seat, Lafayette.

Yaquina City, (Yaquina Bay) Benton Co, P O, 40 miles west of Corvallis. Yaquina is now attracting considerable attention as a trading port, and place of resort for tourists and pleasure-seekers. But little of this section has been known hitherto. The mouth of the bay is not referred to on the sea charts. The oyster beds and fish-

eries of Yaquina Bay are valuable, and it is claimed that vessels of small tonnage can at all times find safe entrance to the harbor, and that it must, at no very distant day, become an important commercial point as an outlet to the great Willamette

Abbey & Blair, provisions, etc
