The Hotel Carriage and Omnibus will be in attendance on the arrival of the Steamboat and Railroad Cars to convey passengers and baggage to the Hotel free of charge.

MRS. POSTON'S
Seminary for Young Ladies,
MARYSVILLE, CAL.

ESTABLISHED 1857.

The principal, fully appreciating the influence that rightly educated women must ever exercise over society, has endeavored to found an institution which will afford to young girls facilities for the formation of those energetic and sound moral principles, as well as for that liberal development of the mental faculties, that the growing interests of our State demand. Parents who place their daughters here may rest assured that nothing will be neglected that contributes to the strengthening of the physical constitution, the cultivation of refined tastes and gentle manners, and to the acquirement of that discipline of mind and heart that will qualify the future woman to act well her part in whatever station of life she may occupy.

The branches included in a thorough English course of study, the languages, ancient and modern, and all the accomplishments considered as belonging to a finished system of instruction, each receives a due share of attention. Gymnastic and Calisthenic exercises, under a competent teacher, form a part of the daily recreations, and have proved thoroughly successful in promoting health and cheerfulness.

The City of Marysville presents many advantages for such an establishment. It is easy of access from all parts of the State; has varied educational resources; is distinguished for its quietness, and is unsurpassed in the beauty and healthfulness of its situation. The location of the Institute is retired, securing to the pupils sufficient room for exercise and recreation, as well as the seclusion so necessary for the successful prosecution of study.
