

# THE NEW REMEDY.

[From the Yreka Journal of April 2d.]

"Where has my cold gone to? The medicine did not make me raise a particle of phlegm," is often said. "My cough has gone so suddenly that I am trying to believe that I did not have any," says another. Where? "How?" The answer is: "Differently from the action of any other combination—THROUGH THE SKIN ENTIRELY." The Pancreas, or "Sweet Bread," appears the most beneficially affected of all the internal organs by its continued use, for it remarkably increases the taste and enjoyment of eating COOKED MEATS AND OILS, which is just what the CONSUMPTIVE PERSON NEEDS. This being the reason why its accompanying action so greatly assists the beneficial influence of COD LIVER OIL, when taken alternately with it."

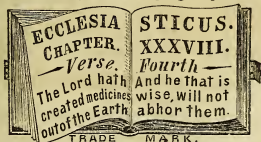

For the irritated throats of Public Speakers, Lawyers, Ministers, Teachers, and for driving off threatened Consumption and Asthma, all Colds and Coughs; for irritated Stomachs, from bad Liquor, Alkali Water, Strong Coffee, or Saleratus Bread; For Humors on the Skin, or Muddy Complexion, or in a single instance, for all Diseases of the Mucous Membranes, the surest and by far the most Pleasant Medicine yet used, in its Taste and Effect, is

## DR. FURBER'S CORDIAL OF MOUNTAIN BALSAM — AND — OREGON GRAPE,

Two Plants, abounding on the base of, and on the Mountains surrounding
