

THE PIONEER.

LIBERTY! JUSTICE! FRATERNITY!

Devoted to the Promotion of Human Rights.

This office was the first to throw open its doors to women, in spite of the arbitrary and unjust laws of the Printer's Union, which proscribed *all* women from a printing office,

NOT ON ACCOUNT OF ABILITY, BUT SEX.

What is the Result?

Many of the largest and best printing establishments on the Pacific Coast have thrown open their doors to all comers who can do good work.
