

Be Beautiful

Every Lady Owes it to Herself to be as Beautiful as Possible

A Perfect Complexion Can be Acquired

Madame A. Ruppert's World-Renowned Face Bleach positively removes by natural methods all discolorations of the skin, is not a cosmetic—but a thorough skin tonic—cleaning the callous pores of the skin of their poisonous

fillings, leaving them clear for the free passage of the blood's impurities, which nature demands be exuded from the blood, through the pores to the surface.

My method of treating skin diseases appeals to the most intelligent—and has the endorsement of eminent medical authority. Do not understand that *Face Bleach* destroys healthful color or gives you a "washout" appearance, as the word "bleaching" would imply—but on the contrary, it restores natural color—is in no way harmful—but positively beneficial to the most delicate complexion, and almost a necessity.

Face Bleach is guaranteed in every instance to remove Freckles, Tan, Moth Patches, Blackheads, Blotches, Pimples, Roughness, Eczema (wrinkles not

caused by facial expression included), and in fact, any and all discolorations or blemishes, leaving the skin clear, smooth and firm, proof against sun or weather, thus preventing tan or sunburn. Thousands of the best ladies of the land will testify to the truth of the above statement.

Mme. A. Ruppert's world-renowned **Face Bleach** is put up in an 8-ounce glass-stoppered bottle, with name and address blown in the bottle, labeled with facsimile of photograph and signature of MME. A. RUPPERT, New York City. None other genuine. Face Bleach is never sold in bulk or in any other style bottle or label, either by my own agents or druggists.
