LA VERITÉ MEDICATED VAPOR COMPLEXION BATHS

FOR THE FACE, NECK AND HANDS

A luxury hitherto unknown to the ladies of this city. By its gentle and soothing action removes from the pores the effects of poisonous cosmetics, rendering the skin smooth, white and soft, and preventing the formation of wrinkles. By its purifying and healing qualities will remove all imperfections, such as Freckles, Blackheads, Pimples, Moth Spots, and discolorations of the skin. We guarantee to do this, and failure money will be refunded. A skin as fine as a pivot-flower holds in its healthy state an amount of grease that requires heat to expand the pores to allow of the secretions being carried off. Is delightful and refreshing to take, you will be astonished at the soft, transparent effect achieved. Highly recommended by the medical profession.
