

NAPA SODA SPRINGS,

The LEADING SPA OF CALIFORNIA.

Climate Uniform and Agreeable, Free from Malaria and Cold Sea Air, Health-Giving Natural Mineral Water, Natural Scenery Unsurpassed, Grand Mountain Landscape, Fragrant with Flowers, Health, Beauty, Satisfaction.

For beauty of natural scenery, pleasant climate the year round, solidity of improvements and healthfulness of natural mineral water the noted NAPA SODA SPRINGS has no equal in the entire United States. Its natural advantages are rare and unsurpassed. Its pure sparkling springs of water, dry atmosphere, clear and balmy sunshine, even temperature, gentle breezes in the hottest seasons, varied and extensive views of mountains, plain and watered landscape and sweet aroma of fruit and flowers, make it a gratifying haven of rest for the pleasure seeker and a paradise for the invalid. Here the sojourners may treat themselves to most exhilarating Napa Soda Water baths—hot or cold—and drink the delightful natural beverage from fountains that flow on forever. The costly structures that adorn the premises are built of the solid rock, and will prove as enduring as the mountains on which they stand. Winter and Summer alike the place holds its charms and welcomes both the well and ailing. It stands on the mountain side one thousand feet above the valley. Oranges, lemons, palms, figs and olives, as well as other fruits and ornamental trees line its paths and beautify its broad acres, while the air is fragrant the year round with the incense of blooming flowers. The sunlight penetrates every sleeping-room, there are gas and water in every building, a music-hall for concerts and dancing, and billiards and ten-pin alleys for ladies and gentlemen. There is a fascination about the varied attractions of NAPA SODA SPRINGS that holds strangers and visitors by its charm and makes them bide at this point long beyond their allotted time. The place contains over one thousand acres and is a princely abode for pleasure-seekers as well as those in feeble health. OPEN ALL THE YEAR ROUND. Address,

ANDREW JACKSON,

NAPA SODA SPRINGS P. O.
