Cosmos Club

Club Building, 317 Powell Street

The Cosmos Club was organized in 1881, and was incorporated in 1883. The membership is extensive, and the number of Army and Navy members is greater than in any of the other Clubs. The aim of the organizers to keep this Club the most select in the city has been pre-eminently successful, and its position as such is generally conceded. Every three months the members give a banquet in their elegantly furnished club-house.
