

HAVE YOU TRIED THE

# Sunlit Brand

OF  
 JAMS, JELLIES  
 MARMALADES  
 AND  
 PRESERVES ?

Tried Once You Will Never Want  
 Any Other

The house-wife need no longer slave in her kitchen putting up fruit, for the SUNLIT FRUIT CO., at its new sanitary kitchens, which are models of order and cleanliness, located at West Berkeley, puts up the choicest of fresh, ripe fruits, received directly from the best orchards of California, in accordance with the latest scientific methods approved by the United States Department of Agriculture and in every particular conforms in the strictest sense to the recently adopted National Pure Food Law. The most exacting and particular house-wife is not more pains-taking than is the management of the SUNLIT FRUIT CO.

In glass, only new, thoroughly sterilized containers are used. In tin, Sunlit fruits are put up and sold only in the new sanitary can, enameled on the inside and sealed automatically without acid or solder. The fruit thus does not come in contact with the tin and its true color and flavor are preserved. Artificial preservatives or coloring matters are positively not contained in the SUNLIT brands, pure fruit and the best white granulated sugar only entering into the product.

All throughout the SUNLIT establishment cleanliness prevails. Its work-rooms are fitted with the most advanced and modern equipment. Its operators, both men and women, wear the special white garments of the company at their work and before being engaged for their service are required to qualify as to their health, cleanliness and good character. The floors are of concrete and are flushed daily. Expensive machinery forces the very air into the rooms through charcoal washers, the air being thoroughly purified, washed and freed from all dust, germs and flies and a perfect ventilating system is provided.

The delicious and natural flavor and beautiful color and the perfection of the sanitary methods in the manufacture and the absolute purity in the finished products are points in favor of the SUNLIT brand that must and will gain them entrance into every home.

The SUNLIT pure fruit products will be found on sale at all leading grocery and delicacy stores. If your dealer does not have them in stock, he will, if he appreciates your trade and is accommodating and enterprising, get them for you; if he will not, please notify us.
