TO REST CONTENT with results achieved is the first sign of business decay. Compare this Directory with previous issues and note the improvement. It looks different—looks better, and is the result of what is termed “good printing.” “Good enough” printing will attract the same kind of attention as a run-down heel on your shoe. Are you careful about your heels?

¶ Our Quick Print Shop, a department of complete service, produces “good printing”—the kind you should have—the kind that fits your business.
