

The Pioneer House of Messrs. B. HAMBEURGER & BRO. was established in the year 1852, for the purpose of carrying on a general wholesale business in *Dry Goods, Millinery, Hosiery, Embroideries, &c.*, and the success which has rewarded the efforts of the proprietors of this enterprise has been in the highest degree satisfactory. Though keeping an elegant assortment of Staple and Fancy Dry Goods, Yankee Notions, Embroidery, &c., yet their beautiful and rich stock of Hosiery and Millinery Goods they make a speciality of in their business, and feel confident that in variety and style the same cannot be excelled by any other establishment in the city.

The house has a resident partner in New York, which gives them unusual facilities in conducting their business, and also enables them to secure the Latest Styles in advance of the market.

Dealers will find it to their interest to inspect their stock of goods and prices before purchasing elsewhere.

---

Perhaps no city in the world abounds with so great a variety of *Fruits* as San Francisco. Here, at nearly all seasons of the year, may be found in great abundance the choicest of Fruits, including the productions of the mild regions of the tropics, as well as those of more Northern climes, and the free and unrestrained use of which, heretofore, has probably been more conducive to the general health of our citizens than any other one thing.

Prominent among those who have been engaged in supplying this market with choice fruit, nuts, &c., may be found the enterprising firm of Messrs. A. LUSK & Co. Their stock of Fruit consists of every variety and of the best quality, and is received direct from among the first orchards and gardens in the State, including those of Mr. J. Lusk, at Oakland, and Briggs & Haskell, of Marysville. Their facilities are such as to enable them to fill all orders in their line for Hotels, Steamboats, &c., without delay, and at the lowest market rates.
