

We beg leave to call the attention of the friends of this Rational System of Water Cure and Hygienic Medication, and especially all persons who have tried Drug Medication and failed of a cure, to a few facts that may interest them. This is the only regular Hydropathic and Hygienic Establishment in San Francisco where all diseases are treated according to the system adopted by the Hydropathic or Hygeio-Therapeutic College of New York.

We claim for Water Cure and Hygienic Medication superior advantages over all systems of drug medication in the cure of all disorders, whether acute or chronic; that it is followed by none of those debilitating diseases, such as Piles, Chronic Diarrhœa, Torpid Liver, Constipation, intense Nervousness, Neuralgia, etc.; nor those terrible Secondary Diseases known as Varicose Swelling of the Veins, Necrosis, or Decaying of the Bones, Ulceration of the Limbs, Mercurial Rheumatism, Urethral Strictures, etc., which we well know result from the free use of mercury and other metallic drugs, together with stimulants and vegetable poisons given to overcome acute diseases.

Hygienic Medication embraces the entire Water Cure applications; all systems of exercise, such as Motorpathic, Gymnastic, and Calisthenic; wholesome nutritious Diet; also the complete Magnetic and Electro-Galvanic means of cure, together with the entire mechanical and surgical means now employed in aiding the unfortunate and diseased. In short, it embraces ALL RATIONAL MEDICINE. It does not necessarily reject anything in the cure of disease but those agents which tend directly to destroy life and vitality, namely: Drug Poisons, "which do but overcome one disease by producing another."

Our arrangements for the cure of every disease are by far the most complete to be found on this Coast, and representing as we do the most speedy, safe, thorough, and economical system of Cure known to man, we feel that we have no right to exclude any person from our Health Institute, that might claim attention from any regular physician, except persons suffering from Eruptive or Contagious Fevers.

We have the most complete Electrically arranged Bath for the cure of Rheumatism to be found in California, and never fails to cure Inflammatory Rheumatism in from one to six weeks, and we have always been able to cure Chronic Rheumatism in a few weeks, where there was a fair constitution left, whether caused by drugs or exposure.

We never fail to cure Piles, Chronic Diarrhœa, and Dysentery, even where the case has resisted drug medication for months and years.

The first stages of Lung diseases are always curable by Hygienic treatment, and are seldom cured by any other.

All persons suffering from acute or chronic affections are invited to call and learn of the advantages we offer both in means and moderate terms before engaging to pay exorbitant prices for cures elsewhere.

Phrenological and Craneological Examinations in regard to health free. Circulars sent on application.

No Physician of good standing, in regular practice, be he Hydropath or Allopath, will guarantee to his patients, "No cure, no pay." Such sharp practice has always been reserved to the quacks of every medical profession.
