

with **FIXED PRINCIPLES, KNOWLEDGE, and SKILL**, to enable its conductor to **WARRANT SUCCESS.**

## STRANGERS

As well as citizens who are tired of medicine and desire Water Cure treatment, will do well to be on their guard against *pretenders* in Water Cure, and consult Dr. BOURNE, whose long practice and experience entitles him to their confidence.

## FRIENDS OF WATER CURE.

---

“FACTS ARE STUBBORN THINGS.”

---

During many years past I have known my improved mode of Water Cure treatment to be the most *speedy, pleasant, safe* and by far the best employed in curing human ailments, and *superior* in rapidity, certainty and comfort to that pursued by *European* and *Eastern* Water Cures; and although frequently told that such was the case, yet the parties were not possessed of sufficient acquaintance with the minutia of Eastern practice to warrant the use of their testimonials; but at length a gentleman of education, intelligence and habits of close and critical observation, has had the opportunity to form an opinion of my system and mode of treatment in contrast with the Eastern, in the two principal cures. This is a copy of his note:

To Dr. BOURNE—DEAR SIR:—Having spent now about two months in the “Pioneer Water Cure,” allow me on leaving you to address a few lines of thanks to Mrs. Andrews and yourself, for your kindness, and of congratulation for the success which attends your efforts in the treatment of the sick.

I have been a resident for many months of two of the principal Water Cures in New York, (Dr. Trall’s, in the city, and Dr. Jackson’s in the western part of the State,) and had large opportunities of observing their treatment and its success. I feel, however, convinced that your Cure differs materially from theirs, not only in its mode and energy, but in the very speedy as well
