

THE
Travelers Insurance Co.
OF HARTFORD, CONN.

THE TRAVELERS INSURANCE COMPANY, of Hartford, grants all forms of insurance against Death or Wholly Disabling Injury by Accident, and is the Pioneer Accident Insurance Company of this country; it also issues

LIFE

And Endowment Policies, upon the Low Rate Cash Plan, combining ample security and cheapness of cost, under a definite contract. The Company has a paid-up capital of \$500,000, and its cash assets exceed \$1,250,000. If he desires, the policy-holder can combine all the benefits of Life

AND

Accident Insurance under one policy and premium—a feature in life insurance not granted by other companies. Policies of Accident Insurance contract to pay a fixed sum, of \$500 to \$10,000, in the event of fatal accident, or a weekly indemnity of \$3 to \$50 for total disability caused by

ACCIDENT

—not to exceed six months for any one accident. Policies written by the month or year, by authorize agents, at yearly cost of \$5 to \$25 per \$1,000, according to occupation and degree of hazard. This kind of insurance is easily obtained, costs but little, and covers the thousand hazards of accident to which all men are exposed. For all men who cannot obtain a full life policy, and for most men who can, this is the best form of personal

INSURANCE.

Statistics show that about one in ten of all the population meets with an accident every year, and the records of this Company show that *one in every fourteen* of all its **160,000** policy-holders *have been paid* for claims under accident policies, in amounts varying from \$5 to \$10,000 each. In this way the TRAVELERS has already paid *One Million Dollars*, for death or injury by accident. The

TRAVELERS'

Insurance Company is also meeting with success in its Life Department, established in July, 1866, and **7,000** policies had been written up to August 9, 1869. It grants full life and endowment policies embracing the best features of the best companies, as to non-forfeiture, terms of payment, etc., but without any of the complications or uncertainties of the note system. It sells

INSURANCE

rather than future "dividends." Its contract is a plain one, its security is ample and unquestioned, and its rates of premium are exceedingly low. It prefers to do business on a cash basis, and thus gives its policy-holders advantages not attainable under the credit system. In short, anything desirable in either Life or Accident Insurance, can be furnished at low cost by this

COMPANY.

The same ability, energy and prudence in management, which has given the TRAVELERS such a large and successful business in Accident Insurance, while all its competitors were forced to quit the field, will be devoted to its future; and, with its cash assets of a million and a quarter, furnish a guaranty of security, permanence and stability. And the rapid and increasing growth of its Life Department, already rivaling many of the older life companies, attests the popularity of its Low Rate Cash Plan.
