## IRON MANTELS

---

These Mantels are in general use in the Eastern States, and are, for cheapness, durability and beauty, preferred. They will not Rust, Chip, Stain, or Warp, and are perfect imitations of the Marbles they Represent. These Mantels are placed in the following first-class Hotels in Chicago, viz.: Palmer, Sherman, Gardner and Madison; also, in most of the Buildings, public and private, erected since the Great Fire. They are also placed in the Elegant Cincinnati Hotel in Cincinnati, just completed, and the Gibson House, recently enlarged and remodeled—both first-class.

I am instructed by the Manufacturers to give full guarantee to everybody as to durability, etc.

Purchasers should make selections Thirty Days in advance, in order to give ample time for transit of goods. I cordially invite inspection.
