Postmasters are required to register all letters properly presented for that purpose, but no letters are to be registered on Sunday.

POSTAL CARDS.

The object of the postal card is to facilitate letter correspondence, and provide for the transmission, through the mails, at a reduced rate of postage, of short communications, either printed or written in pencil or ink. They may, therefore, be used for orders, invitations, notices, receipts, acknowledgments, price lists, and other requirements of business and social life; and the matter desired to be conveyed may be either in writing or in print, or partially in both. The postage of one cent is paid by the stamp impressed on these cards to any office in the United States, and no further payment is required. No card is a "postal card" except such as are issued by the Post Office Department. According to the provisions of the Treaty of Berne, postal cards may be sent to the following named countries (or others included in the General Postal Union), on the prepayment of postage two cents, viz: Algeria, Austria, Belgium, Denmark, Egypt, France, Germany, Great Britain and Ireland, Greece, Holland, Italy, Netherlands, Norway, Poland, Portugal, Russia, Spain, Sweden, Switzerland, and Turkey; also to Newfoundland on prepayment of two cents, and to Canada on prepayment of one cent.
