

# TROMMER'S EXTRACT OF MALT

The rapidly increasing demand for our **Extract of Malt**, during the four years that it has been manufactured and offered to the medical profession in America, justifies the belief that in its production here we are meeting a generally felt want.

Long experience in manufacturing Malt Extract has enabled us to completely overcome the many difficulties attending its manufacture in large quantity; and we positively assure the profession that our **Extract of Malt** is not only perfectly pure and reliable, but that it will keep for years, in any climate, without fermenting or moulding, and that its flavor actually improves by age. Our Extract is guaranteed to equal, in every respect, the best German make, while, by avoiding the expenses of importation, it is afforded at less than half the price of the foreign article.

The Malt from which it is made is obtained by carefully malting the very best quality of selected Toronto Canada Barley. The Extract is prepared by an improved process, which prevents injury to its properties or flavor by excess of heat. **It represents the soluble constituents of Malt and Hops, viz: MALT SUGAR, DEXTRINE, DIASTASE, RESIN AND BITTER OF HOPS, PHOSPHATES OF LIME AND MAGNESIA, AND ALEALINE SALTS.**

Attention is invited to the following analysis of this Extract, as given by S. H. Douglas, Professor of Chemistry, University of Michigan, Ann Arbor:

**TROMMER EXTRACT OF MALT CO.**—I enclose herewith my analysis of your extract of Malt: Malt Sugar, 46.1; Dextrine, Hop-bitter, Extractive Matter, 23.6; Albuminous Matter (Diastase), 2.469; Ash—Phosphates, 1.712; Alkalies, .377; Water, 25.7. Total, 99.958.

In comparing the above analysis with that of the Extract of Malt of the German Pharmacopoea, as given by Hager, that has been so generally received by the profession, I find it to substantially agree with that article.

Yours truly,

SILAS H. DOUGLAS,  
Prof. of Analytical and Applied Chemistr

This invaluable preparation is highly recommended by the medical profession as a most effective therapeutic agent for the restoration of delicate and exhausted constitutions. It is very nutritious, being rich in both muscle and fat producing materials.

The very large proportion of **DIASTASE** renders it most effective in those forms of disease originating in IMPERFECT DIGESTION OF THE STARCHY ELEMENTS of food.

A single dose of the **Improved Trommer's Extract of Malt** contains a larger quantity of the active properties of Malt than a pint of the best ale or porter; and, not having undergone fermentation, is absolutely free from alcohol and carbonic acid.

The dose for adults is from a dessert to a tablespoonful, three times daily. It is best taken after meals, pure, or mixed with a glass of milk, or in water, wine, or any kind of spirituous liquor. Each bottle contains 1½ lbs. of the Extract.

OUR PREPARATIONS OF MALT ARE FOR SALE BY DRUGGISTS GENERALLY THROUGHOUT THE UNITED STATES AND CANADA, AT THE FOLLOWING PRICES:

EXTRACT OF MALT, with Hops (Plain) .....	\$1 00
" " " Pyrophosphate of Iron (Ferrated) .....	1 00
" " " Cod Liver Oil .....	1 00
" " " Cod Liver Oil and Iodide of Iron .....	1 00
" " " Cod Liver Oil and Phosphorus .....	1 00
" " " Alteratives .....	1 00
" " " Hypophosphites .....	1 50
" " " Iodides .....	1 50
" " " Citrate of Iron and Quinia .....	1 50
" " " Pepsin .....	1 50
