

# PHOSPHATE SOAP

A superb article for the toilet, beneficial to the skin, giving it a soft, velvety appearance, and leaving a most pleasant sensation after use, imparting a healthy, and lasting beauty to the complexion. It eradicates the poisonous effects of cosmetics; preventing skin diseases, acting as a constant purifier and disinfectant; if used constantly will cure skin diseases of long standing; is superior to any other article for bathing infants; cleansing and soothing for all eruptions on the scalp or face of children; for the teeth; produces a soft, creamy lather, nicely adapted to shaving or shampooing, removes dandruff, and does no harm to the scalp without injuring the hair.

## TESTIMONIALS.

SAN JOSE, September

*To the Standard Soap Co.—Gentlemen:*

It affords me pleasure to say to the public that I have used and prescribed **PHOSPHATE SOAP** as a remedy in various forms of cutaneous diseases with the happiest results. I am of the opinion that it is the mildest and perfect detergent that can be used, either for cleansing the skin and hair, and healthy, or for removing the fetor and corroding influences of sores and eruptions. I should be sorry to be without it in shaving my face or making a lather, to say nothing of my good opinion of its remedial qualities.

A. J. SPENCE

SAN FRANCISCO, Aug.

*Gentlemen:*—I received a package of your soap (Phosphate Soap) and great pleasure to testify as to its superior excellence. As a toilet soap I have seen nothing to surpass it. It also possesses superior remedial qualities. I used it in two cases of obstinate skin disease, one of intolerable itching, the other an *eczema*. In both great relief was obtained. Its emollient qualities are remarkable. Respectfully,  
W. A. DOUGLASS, M. D., 126
