

GENUINE AROMATIQUE

FINEST STOMACH CORDIAL.

Prepared by THEO. LAPPE, Neudietendorf, Germany.

SOLE AGENTS FOR

Pommery Sec,
Gilka Kimmel,
Stomatique Cordial,
Dubos Freres, Bordeaux.

FAC-SIMILE OF BOTTLE. BEWARE OF IMITATIONS.

The AROMATIQUE is a preparation, made of the finest herbs and drugs, for more than half a century favorably known and accepted by the Public and the Medical Profession throughout Germany and other continental countries, as well as in the United States and the British Colonies.

The Gold, Silver and other Medals and the Certificates received from the highest professional authorities guarantee the value of this CORDIAL as a TONIC for general use, and as inestimable in cases of LOSS of APPETITE, DYSPEPSIA, FLATULENCY, DIARRHOEA, etc. A small glassfull taken will soon show its beneficial effects.

It is also highly recommendable for mixing with WINES, LIQUORS and MINERAL WATER, and a small quantity of it added will give the beverage a fine and delicate flavor.

The AROMATIQUE has received a large number of TESTIMONIALS from medical men of the highest order, of which a few read as follows:—

I have carefully analysed the "AROMATIC BITTERS" Liqueur prepared by TH. LAPPE. It consists of a very delicate and agreeable combination of diffusible aromatic tonics which are admirably adapted to promote appetite and digestion, being quite free from the objectionable coarse bitters commonly sold as such. These bitters supply a want long felt in this country, namely, as a harmless and pleasant dietetic stimulant for every day use.

I am faithfully yours,

H. C. BARTLETT,
Ph. D. F. C. S.

London.

I have subjected the "AROMATIQUE" to a thorough analytical-chemical pharmacological examination, and have found it to satisfy all scientific requirements, being prepared according to correct and scientific principles. Physicians may recommend it without hesitation, and the public may at all times use it as a most excellent dietary preparation.

DR. HESS.

Approved Apothecary of the first class, examining chemist and scientific expert for medical, technical and chemical articles of every kind.

Berlin.

I can recommend these exceedingly efficacious stomach bitters as a most invigorating as well as blood-purifying

preparation which has the power of stimulating and strengthening the impaired activity of the digestive organs.

DR. MED. GROVEN,
Surgeon of the Staff in the Royal Reserve Hospital,
Langensalza, Prussia.

The "AROMATIQUE" is composed only of harmless vegetable substances, and I highly recommend it in all disorders of the stomach and liver.

[L. S.]
Neudietendorf.

DR. JACOBI.

I have known the "AROMATIQUE" for the past forty years, and on account of its ingenious composition it has become a public favorite, and can justly be recommended as an eminently useful as well as nicely flavored preparation.

[L. S.]
Arnstadt.

DR. E. H. NICOLAI.

The "AROMATIQUE" has been used for years by many physicians with great success in weakness of the stomach and digestive organs, and also as a prophylactic against epidemic diseases.

DR. F. HASSENSTEIN,
District Physician, Ichtershausen, Germany.
