Compressed Air Cure

AND

MEDICAL INSTITUTE.

1678 Taylor Street.

This Institution is now open for the treatment of patients by the methods of Compressed and Rarefied Air. Haemospasia of Junod of Paris, while its electrical apparatus certainly, like all its other apparatus, is the finest ever made in the world.

Our air chambers are built of steel, two in number, and will accommodate thirty patients at once, and are certainly the largest in the world, and the second constructed in the United States.

These methods of treatment are endorsed by the most eminent men in modern medicine, both in Europe and America, and offer a positive cure for all conditions of disease without drugs of any kind whatever. All and every kind of Pulmonary Disease, such as Consumption, Asthma, Catarrh, Bronchial Affections, Chronic Pleurisy and Pneumonia and here we desire to emphasize the assertion that we

POSITIVELY CURE CATARRH,

General Debility and Weakness from any cause, Nervous Weakness and Irritability of Women, with all their long train of attendant ills, Headache, Sleeplessness, Want of Appetite, Constipation, and all the thousand ills which result from derangement of Menstrual Function.

Persons afflicted with Rheumatism will here find not only prompt relief but a positive and permanent cure. Paralysis, without organic change, will be promptly cured, and all Blood Diseases, such as Scrofula, Syphilitic Taint, Cancers, Tumors, Etc. And we invite you to come and see that the enormous expense made necessary in construction of this plant will find a sufficient justification in the results that will come to our patrons.

Business men overworked and suffering from Brain Fag will find prompt and complete relief.

One hour in the chamber will be equal to a \$100 trip to the mountains.
