

NOW WHILE IN HEALTH PRO-
VIDE FOR SICKNESS OR INJURIES

Membership in the
Associated Health Service

733 Phelan Bldg., (Seventh Floor)
760 Market St.)

guarantees you freedom from care and worry
in event of your sickness or injury. The small
monthly dues which you pay provides Doctor's
Services, Hospital, Operations and Medicines.

OFFICE TREATMENT

Medical treatment will be given members
any day, and the office hours of the
medical staff are arranged to suit the
convenience of all members, as they are
from 10 in the morning until 8 o'clock
in the evening daily.

At the treatment offices you will receive
the most careful attention of skilled and
experienced physicians and surgeons.
The equipment of the medical treatment
offices is complete and up to date, includ-
ing X-Ray and the latest electrical appli-
ances.

HOSPITAL SERVICE

When you are seriously injured, or
should you be so seriously sick as to
need an operation and to require hos-
pital care, we will send you to a first-
class hospital, where we will give you
skilled and competent surgical and
medical treatment. This includes all
necessary surgical operations.

All expenses for ambulance, operating
room, dressings, bandages, casts, drugs
and medicines required will be paid by
the Associated Health Service.

HOME VISITS

When sick at home, notify our offices,
and we will promptly send an experi-
enced physician to see you. During
your illness he will give you the best
of care and all medicines needed. In
case of an accident you will receive the
same careful treatment for your injuries,
whether it be day or night.

Should your sickness be mild or seri-
ous, its duration a day or a year, we
are at your constant service.

HEALTH SERVICE

Members are urged to consult the
medical staff at regular intervals for
advice on how to stay well. These
examinations are a part of our health
service, and may reveal a latent con-
dition which, if immediately corrected,
will maintain you in health. Serious
or long illnesses may often be avoided
if preventive measures are taken in time.
Colds, fevers and wounds which may
seem unimportant may lead to serious
results should they not receive imme-
diate and proper medical care and at-
tention.

*Send us your name and address and full partic-
ulars how to become a member will be sent to you*
