AS SHE TYPES, COPIES APPEAR
AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter, records an order, letter, bill or memorandum. As her fingers touch the keys of her instrument, those exact letters appear simultaneously in other offices in the same building or in distant cities.

Such is the Teletypewriter, a new aid to modern business.

Office, plant, warehouse, all can be tied together by the Teletypewriter.

The opportunity to discuss things back and forth by telephone often brings deals to a quick conclusion which otherwise might drag on for weeks or never be completed at all.

Protect Loved Ones

Fortunately, the moment rarely comes to most folks when the doctor, the fireman, the police are critically needed... needed in seconds. Yet what a comfort it is to know that the telephone's there!
