

TO USERS

OF COMPANY TELEPHONE

STATIONS

EFFECTIVE July 4, 1948, central office names will be added and other changes made in all telephone numbers in the Los Altos, Millbrae, Mountain View, Palo Alto, San Mateo and Woodside exchanges.

Since it is important that the new numbers be used for all calls, beginning at the time of the change, the table shown on the reverse side is provided to enable you to convert old numbers to the correct new ones effective July 4.

Please insert this conversion table in your official company telephone directory.
