

## New method of calling nearby points from GARfield 1-9000 extensions

dial  
7

To call points listed below: (1) Be sure you have the correct number. (2) Dial "7". (3) Wait for the second dial tone. (4) Dial the first two letters and numeral in the central office name, followed by the remaining figures in the listed number.

For example to call CYPRESS 2-9000 in San Jose, dial "7", then C, Y, 2, 9, 0, 0, 0.

|            |             |                   |             |
|------------|-------------|-------------------|-------------|
| Belmont    | Millbrae    | Redwood City      | San Mateo   |
| Belvedere  | Mill Valley | Richmond          | Santa Clara |
| Burlingame | Moraga      | San Bruno         | Sharp Park  |
| Danville   | Mountain    | San Carlos        | South San   |
| Hayward    | View        | San Jose          | Francisco   |
| Los Altos  | Palo Alto   | <i>San Rafael</i> | Woodside    |

To call points listed below: (1) Dial "7". (2) Wait for the second dial tone. (3) Dial the three figures of the directing code, shown below, then the 4 figures of the listed number.

| To Call              | First Dial | Next Dial | Then Dial                    |
|----------------------|------------|-----------|------------------------------|
| Lafayette . . . . 7  |            | 529       | Listed Number<br>(4 figures) |
| Orinda . . . . . 7   |            | 679       | " "                          |
| Sunnyvale . . . . 7  |            | 356       | " "                          |
| Walnut Creek . . . 7 |            | 929       | " "                          |

dial  
9

To call points listed below, dial "9", wait for second dial tone, then dial figure "0" and give call to the operator.

|              |          |             |            |
|--------------|----------|-------------|------------|
| Corte Madera | Larkspur | Rodeo       | San Rafael |
| Crockett     | Martinez | San Anselmo | Sausalito  |

When the operator asks for your number, be sure to give it as "GARfield 1-9000, Extension (number)."

The method of dialing San Francisco and East Bay Zone numbers and to San Francisco, East Bay and Sacramento official PBX extensions is not changed. Please place calls to these numbers as indicated in your official telephone directory.

**Busy Signals** — Besides the usual busy signal, heard when the called line is busy, a busy signal may also be heard either while dialing or upon completion of dialing due to an "all paths busy" condition. Whenever the busy signal is heard, please hang up for a few moments and try the call later.

**Calls to all points other** than those referred to above should be placed by dialing "8" and giving the called place and the listed number to the Long Distance Operator.
