Same friendly interest in you, same consideration for your car. His helpful attention is also expressed in the products he sells: Like the three Chevron gasolines... all better than ever with the new gasoline discovery, Methyl\*, first new antiknock compound since Ethyl®. Unlike other antiknock compounds, Methyl stands up under the extreme

\*Methyl—trademark for antiknock compound

temperatures of modern high compression engines... assures *continuous* antiknock protection. In addition, it spreads evenly to *all* cylinders, squeezing out extra power, giving more knock-free miles than any other antiknock compound. And it doesn't cost you a penny more to get **Methyl power**—in all three Chevron gasolines.
